Canada

July 1, 2021 - celebrating 154 years

Population - 37,742,154

"Canada" is an Iroquoian language word meaning "Village."

Canada is the second largest country in the world, right after Russia.

Canada is the World's Most Educated Country: over half its residents have college degrees

Canada's lowest recorded temperature was -81.4 degrees Fahrenheit (-63 C) in 1947.

Canada has more lakes than the rest of the world's lakes combined.

Canada consumes more macaroni and cheese than any other nation in the world.

With 1,896 km (1,178 mi), the Yonge Street in Canada, is the longest street in the world

Canada has the largest coastline in the world.

Canada has fewer people than Tokyo's metropolitan area.

Canada is just 1.5% larger in land than the U.S.A.

Montreal is the world's second largest French speaking city after Paris

20 Things you can only find in Canada

1. Bagged Milk - still popular in Ontario
2. Lays Ketchup Chips
3. Beavertails - A classic Canadian carnival treat. Deep fried dough and all the warm chocolatey goodness you can dream of.
4. Coffee Crisp - Crispy vanilla wafer and foamy coffee-flavoured chocolate.
5. Caesars - A Bloody Mary is NOT a Caesar. First of all, Clamato and tomato juice are totally different
6. Real Maple Syrup
7. Kinder Surprise with a toy inside - Yes, you can get a Kinder Surprise egg in the US but you will be extremely disappointed when you bust open the tiny chocolate shell and there is no toy.
8. Smarties - To Americans, what we called Rockets, are referred to as Smarties.
9. Roots Clothing - The most Canadian of all clothing companies.
11. Bits and Bites - Who knew that a cereal and pretzel snack mix could be so exclusive?
12. Fudgee-o's - Chocolate fudge cookies with chocolate icing inside.
13. Purdy's Chocolate - A whole chocolate company exclusive to Canada - yum!
14. Naniamo bars - BC's favorite hand-held dessert consisting of wafer, chocolate and custard. Made famous in the city of, you guessed it: Naniamo, BC on Vancouver Island.
15. Bay Blanket - Since The Bay is a historically Canadian company you won't see any stores outside of Canada selling the infamous Bay striped blanket.
16. Ruffles All Dressed chips
17. Molson Canadian - You can buy Molson beer outside of Canada but they call it "Molson Export"
18. Red River Cereal - Probably the oldest cereal in history. Created in Manitoba in 1924 and still enjoyed to this day.
19. Chapman's Ice Cream - Canada's largest independent ice cream manufacturer. They have over 289 products and they are all exclusive to Canada.
20. Dunkaroo's

Canada produces more uranium than anywhere else in the world

15,500 of the world's 25,000 polar bears live in Canada.

Some of the world's most popular superheroes were conceived by Canadian minds, including Superman and Wolverine.

Hawaiian pizza was actually invented by an Ontario man, not by the Hawaiians.

Saskatchewan

The population of Saskatchewan is approx 1,179,906 people. Most people live in the southern half of Saskatchewan, of which 258,000 live in the largest city, Saskatoon. Saskatchewan is the 7th largest province in terms of area and the 6th largest in terms of population with a population density of about 2 people per square kilometer or 5 people per square mile.

Saskatchewan Specifics

Flag: Saskatchewan's official flag was adopted in 1969. It features the provincial shield of arms along with the floral emblem, the western red lily. The flag's upper half is green, representing Saskatchewan's northern forests; the lower half is gold, symbolizing the southern grain areas.

Flower: In 1941, the western red lily was chosen as the official flower of Saskatchewan. This lily grows in moist meadows and semi-wooded areas. With its flaming red blossoms, it stands out brilliantly against a natural green background. The western red lily is a protected species.

Bird: The sharp-tailed grouse is one of Saskatchewan's most popular game birds. It was selected as the provincial bird emblem in 1945.

Grass: In 2001, needle-and-thread grass was designated Saskatchewan's official grass. It's a native bunchgrass common to the dry, sandy soils of the Northern Plains. Seed stalks may reach 1.3 m (4 feet) in height and leaves are up to 30 cm (12 inches) long and very narrow. The name comes from the shape of the seeds, which are sharply pointed and have long, twisted, thread-like fibres.

Saskatchewan District Tartan: The Saskatchewan Provincial District Tartan has seven colours: gold, brown, green, red, yellow, white and black. It was registered with the Court of Lord Lyon King of Arms in Scotland in 1961.

Saskatchewan Dress Tartan: The Saskatchewan Dress Tartan was introduced in 1997 for competitive highland dancers on the occasion of the Canadian Interprovincial Highland Dancing Championships held that year in Regina. It is a variant of the Saskatchewan District Tartan, with the off-white line of the original tartan becoming the background colour of the dress version.

Tree: In 1988, the white birch was adopted as the official tree of Saskatchewan. This hardwood tree is found across the northern three-quarters of the province. Typical uses for the wood include lumber, plywood, veneer and fuel.

Mineral: Sylvite, also known as potash, is Saskatchewan's official mineral. We are the world's largest producer and exporter of potash. Our vast reserves of potash are expected to last for hundreds of years at current rates of production. Over 95 percent of the potash produced in Saskatchewan is used for fertilizer purposes.

Animal: Saskatchewan designated the white-tailed deer our official animal in 2001. Here in our more northern latitudes, the white-tailed deer tends to be larger than its southern brethren, reaching heights of more than a metre (3.5 feet) at the shoulder and weighing as much as 180 kg (400 lbs). Adults have a reddish-brown summer coat and a greyish-brown winter coat, with white underparts. The name comes from the white underside of the tail, which is raised like a flag when the deer is running or frightened.

Sport: Curling was named Saskatchewan's official sport in 2001, although many have considered it so for years. Once called the "roaring game" because of the thunderous noise made by corn brooms used to sweep rocks down the ice, curling has a rich history in the province. The fabled Richardson brothers, curling out of Regina, won four Canadian and World men's championships between 1959-63. Another extraordinary rink from Regina, the Sandra Schmirler team, won three Canadian and World women's championships in the '90s, followed by the first ever women's Olympic gold medal in curling at 1998.

Emblem: Multis E Gentibus Vires, "From Many Peoples Strength" - The provincial Coat of Arms was granted through Royal Warrant from Queen Elizabeth II in 1986. It is an augmentation of the original shield of arms adopted by Royal Warrant of King Edward VII in 1906. A crest of a beaver and crown is placed above the shield. On either side of the shield are supporters: a lion and a deer. The shield itself displays the royal lion and three gold wheat sheaves, symbolizing Saskatchewan agriculture. The base is formed of western red lilies, Saskatchewan's floral emblem.

Regina, Sask. is home to the only training academy for Royal Canadian Mounted Police (RCMP) recruits.

Sask. is Canada's only province with man-made boundaries, as opposed to natural boundaries like rivers.

Estevan, Sask averages 2,530 hours of sunshine every year.

More than 9 million people visit Saskatchewan every year.

Sask. has more road surface than any other province.

The Big Beaver Cultural Centre

Gratefully acknowledges the generosity and skills of the following organizations and people:

RM of Happy Valley #10 - for the building and operating loan

Richardson Pioneer Foundation - for the donation/funding

Southland Coop Communities in Full Color - for the exterior paint for the Cultural Centre

Brad Thue & crew - for the tinning of the roof on the Church/Cultural Centre

Robbin Dyck - for maintenance work & labour when we need you

Bevin Dyck - for the donations raised with your horse and buggy rides and the meat package to thank Greg Willford for his lift

Marc Perigny - for the painting of the exterior Cultural Centre

Greg Willford - for the deliver and use of his Boom lift in the painting of the Centre

Susan McGowen - for designing and fixing some of our Stained Glass windows

Matt Harris - for your donation of monies to carry us through when we need it

Big Beaver Believers (and parents) - for raising money at your famous lemonade/goodies stand

Mike Martin - for organizing the Show and Shine Car Show and donating the proceeds

All people (too many to mention) who contributed support, either financially or moral support with words of encouragement or by attending our events.

Thank you for believing in our dream and for your help with the transformation/restoration of the Big Beaver United Church into the Big Beaver Cultural Centre.

**The Big Beaver Cultural Centre is a joint, combined effort by all.
It is For The People, By the People**

Prairie Girl's Cutflowers & Farm Goods Flower Season is Here!

If you ask any flower farmer on the Canadian prairies, June is a quiet month for blooms. The cool season flowers are bidding farewell for another year, but the warm season annuals are still settling in, and are just too short and young to work for bouquets.

July & August (and hopefully September) are where its at for zone 3 flower farms and I'm excited to share blooms with you this summer! The farm is not open to the public, except for scheduled events, and I'm hoping to host a few this season, including U-pick days, a picnic in the flower patch and a selfie day in the sunflowers! Stay tuned for blooms!

IN CORONACH

It features grass greens, sand bunkers, and some of the most breath taking Saskatchewan views. The 250-yard driving range and practice putting green is located just beside the fully licensed clubhouse. Cart & club rentals available.

Clubhouse open 9-7 daily - weather permitting
Call or text 267-3300 to book tee times

Come visit and explore the hills and history resting in the Big Muddy Valley. You can relieve the history of cattle rustlers and horse thieves dodging the law on both sides of the border, as you look out of the cave where famous outlaws and their men hid from the law. See the effigies, Ceremonial Circle and tipi rings that were sacred to the First Nations people who lived there. Other stops along the tour include Castle Butte, Big Beaver Nature Centre, Aust's General Store and Paisley Brook School.

Coronach Tourist/Information Center open 9-5 daily.

Call or text to book tours @ 267-3312 or visit website for tour information <https://coronachrec.wixsite.com/tourism>

Take a step back into the past and visit Coronach Museum this summer. It features a hospital room, a school room, communication room, shop, parlor, library, town office, bedroom, store, kitchen, toy room, church, sewing and textile room and an old bathroom.

Open Thursdays and Fridays from 1-5 and Saturdays from 12-5.

Come cool off at the Coronach Pool and Richardson Hart Spray Park. Featuring adult swim times, toddler times, aquasize, swimming lessons and public swimming there is something for everyone! Look for our July & August pool schedules in this issue so you don't miss out on anything! Or phone/text the pool phone @265-7554 with any questions!

Why not try vacationing close to home and close to all the towns amenities? Escape for the day, the night or the week - enjoy the playground, sunbathe on the beach, do some boating or enjoy a campfire with friends. Camping is available at the Poplar River Community Park 5 km. east of Coronach on the Cookson Reservoir. Search for us on letscamp.ca to book online or phone 265-7188

Or maybe you'd like to be right in town? Right by the pool and park so the kids can enjoy some summer fun? Poolside Park campground is located at the bottom of Center Street offering 16 full service sites equipped with 30 amp plug ins, fire pits and picnic tables. Online booking available at <http://coronachrec.wixsite.com/coronach> or by phoning 267-2318

It's summer - treat yourself!

Mini Mart features all the summer treats to cool off and stay hydrated. Open Monday-Friday 1030-9 and weekends 12-9

Coronach Coop Service Center also has everything you'd need to head out on a road trip or just cruise around town.

Or maybe you need some caffeine to get thru your day? Or fresh baked goodie? Stop in at The Nook for the ultimate indulgence.

Have a beach day at Poplar River Park or dine poolside at the pool with a picnic! Stop at the Coop grocery store and grab fresh baked buns, deli meat, veggies and dessert, grab your blanket and go! Wanna just pack snack foods? Satisfy your sweet tooth by shopping the candy section at K&S Variety and reliving your childhood with their nostalgic treats.

Throw on your sunscreen, grab a hat and stroll around town. Check out the orchard to see if there is any new berries on the bushes. Walk out to the bridge to see if there's any baby ducks out on the water. Or venture a little further to the spillway to see turtles sunning on the edge of the rocks. Walk up the water tower hill and view town from a whole new perspective. Walk to the school park or the park by the pool and hop on a swing, no matter your age.

Coronach & area has great options for whatever you're craving - or maybe it's just too hot to cook? Dine in options are back at every restaurant in town so make it your mission to support local restaurants this summer - you won't have to cook and you'll be helping out a business! Or order take out: burgers, pizza, Chinese food and bring it home for a buffet on your patio.

Council Meeting Highlights June 8th, 2021

Thank you to Kyan Dionne who worked with the Town office and Kelsey, our CDO, for his Careers at work experience for all your help on our many projects. It was great to have your insights for the website and your help in the office!

Watch for improvements for the Highway Sign Corridor! We have approved a new policy and have some funding for subsidizing some of the costs for Local Businesses to get signs in place. If you are a business in Coronach or the R.M of Hart Butte and would like a sign at the entry points to town, please contact Kelsey Manske, Community Development Officer at coronach.edc@gmail.com or 306-994-5677

Safe Restart checks have been sent out to 7 business and 9 organizations that applied for funds to help mitigate the impact of COVID 19. This funding was provided by the Province of Saskatchewan for assisting groups and businesses and a total of \$38,858 was dispersed in Coronach.

The New Cummins 80 kW Generator for the South Avenue Lift station is delayed due to manufacturing supply and demand issues but the process is underway to update all electrical within the lift station and add the propane generator within this year. The Town of Coronach is using the provincial funding from the "Municipal Economic Enhancement Fund" on this project.

Tax Notices will be in the Mail by July 1st, 2021. The 6% discount on Municipal Tax portion of your notice is extended to August 31st, 2021. Pay Online with Conexus Credit Union or CIBC, Pay by E Transfer to coronachap@outlook.com and give the address of the property you are paying for, or pay in the Town office by Cash, Check or Credit Card.

The Town of Coronach and the Saskatchewan Health Authority have signed an agreement to protect our new ambulance and to keep it in our community for its life span. We give a Special THANK YOU! to the Coronach EMS Team for all their hard work on the fundraising, to the community for their support and to SaskPower who was a significant contribution that made this new ambulance possible.

Watch the Website for the new Layout, Logo, and Branding. We took your feedback over the last 18 months and hope this is user friendly, mobile friendly and informative to residents and visitors.

The Town Council and Staff wish our Coronach School Graduates all the best in their adventures and future endeavors. Advice for our Graduating Coronach Colts,
"Take life's hurdles in stride; Loosen the reins;
Be free-spirited; Keep the burrs from under your saddle; Carry your friends when they need it; Keep Stable and Gallop to greatness!" (I. Shamir)

Thank you to Jasmon at the Health Center for getting the residents to answer questions and sharing them with all of us!

Christine - Age: 88

What is your favorite thing about summer?

Summer, well I guess gardening some of the time, holidays and picnics. All summer we watch how our gardens and fields are growing.

What is your favorite summer memory?

We did have some visitors from Norway. They were relatives.

Do you have any gardening advice?

Keep the weeds down

Any summer advice?

I suppose don't stay in the sun too long, you can get sun stroke.

Preserve anything that's ready in the garden

Helen - Age: 92

What is your favorite thing about summer?

Well, it's not so cold. I've always got goose bumps, even in the summer.

What is your favorite summer memory?

Sleeping outside. You hear all the night birds and different sounds all the time

Do you have any gardening advice?

You got to hoe, you got to loosen the dirt so it's not hard for the roots to grow

Any summer advice?

You have to dress accordingly. If you don't it's no fun.

Eddie - Age: 88

What is your favorite thing about summer?

Oh! I don't know!

What is your favorite summer memory?

Rodeoing was quite exciting

Do you have any gardening advice?

Not too much, no

Any summer advice?

Enjoy your summer. Go ride your horses.

Coronach Shines in the CTV Spotlight

October 3, 2011 - Kelly Elder

Most people love their chance at “15 minutes of fame” and such was true for the residents of Coronach when they heard that their hometown had been picked for the 2011 CTV fall hometown tour.

CTV Regina is in the third year of home town tours. Craig Farrell, senior creative producer, said “Over the history of the tour, by the end of the week we will have both visited and broadcast the CTV news at six, live from 50 communities.” He explained how the process works. “A month or more prior to the actual tour week in the spring in the fall, we do an on air promotion requesting that communities email us reasons why they like to have a tour in their community. The number of nominations always greatly exceed the actual five designated days for each tour.”

Coronach was not chosen for the summer tour, but residents who made the nominations in the spring, heard from CTV in September asking if they were interested in letting their nomination stand for the newly announced fall tour. Coronach's economic development officer, Colleen Christopherson Cote received a notification shortly thereafter saying that CTV was coming to Coronach. Coronach was the first stop in a five town tour that continued over the week of September 26-30.

Christopherson-Cote worked with Craig Farrell, CTV Regina's Senior Creative Producer to come up with the agenda for the day in Coronach. Farrell talked about why CTV is taking their show on the road. “Basically, to involve people from our audience in local communities in our live broadcast process and just to come into a stronger relationship together by visiting face-to-face” said Farrell.

The STC bus pulled into Coronach around noon, escorted by the local RCMP and Shannon and Chase Martin and Jaclyn Noll on horseback. The procession was very pleased to be greeted with many welcome CTV signs in business windows as well as waves from those who were on Centre Street. The first stop was at the Touch of Class restaurant where the cast and crew enjoyed lunch. The group poured hungrily over the menu, anxious to try some small town restaurant food. Christopherson and Kelly Elder, local reporter, offered up their favourite items on the menu with many ordering up their suggestions. Following gushing reviews of their lunch, the crew headed to the Coronach Golf Club where they checked out the location for the live broadcast of the evening news to follow that day.

From there, the CTV photographer headed out to catch a video of the town and surrounding attractions, such as the mine and plant. The live broadcast crew set to work getting ready for the supertime event and the on air personalities, cameraman and a number of support staff, boarded the bus to head for the Coronach Supercross track. A number of members of the local Supercross club met the crew at the track to fill them in on the track and give them a demonstration. Following the demo, coanchors Dan Macintosh and Danelle Boivin, along with evening weatherman Carey Smith, had a quick lesson, threw on the helmet and then took a spin on the course. A much slower spin than the boys did when warming up the track, but the TV personalities did manage to get all the way around with no mishaps. Shortly after the crew hit the track, Brandon Knudson headed out to make sure they were all making it around safe, with the rest of the boys following suit to create a somewhat amusing looking, slow moving motorcade that wound its way through the course.

Boivin enjoy the chance to get back on a dirt bike after not riding for many years. “It's so small town, Canadiana and you can't get that in a big city. It was wonderful to meet the boys and they were very kind as well. It wasn't just fun, it was great to see how the community banded together to make the creation of the track happen.”

After dusting off and thanking the boys for the demo and the chance to ride the motorbikes, the crew headed for the Coronach school. Students of the school had gathered in the school gym, all clad in their intermural colors, creating a colourful welcome for the group. Macintosh and by then were invited by SRC advisor Miss Ashley Rachel to join in a number of games with the students that spurred deafening cheers that continued throughout. Boivin was impressed with the spirit of the kids! “It was so wonderful to see the kids so enthusiastic about their school, about their community, about their friends. It reminded me of home. I am from a small town, this is where I grew up really,” she commented. After picking up first Place for their two person team, the coanchors headed for the Coronach Early Learning Centre for some fun with the preschoolers. Boivin, Macintosh and Smith spent some time with the youngsters in daycare painting on the floor with pudding. Some of the children shed their shoes and socks to paint with their toes, but the adults stuck to the sponges, leaves and fingerpainting. McIntosh enjoyed his time with the kids. “You know what I like about Coronach so far. It's reminded me that I'm still a kid again. How many times do you get to go dirt biking, and then you go fingerpainting and play games in the gymnasium, you know it takes you from 37 years old and it makes you feel about 11 or 12 again, it was cool!” Said Macintosh.

With a few minutes to spare, the crew decided to make an unscheduled stop at Deb's Country Kitchen to join the usual afternoon coffee break already in process. The crew weren't sure if they pulled up just as a coffee crowd were finished or if the cameras scared them off, but regardless of the empty restaurant the TV crew soon settled in for a piece of pie and a break from the action. For most of the crew they were visiting the area for the first time. Boivin was no different.

"Once you go through the Big Muddy Valley, you realize you're getting into different territory here and it's part of Saskatchewan that people don't normally associate with Saskatchewan. People think flat plains and there's so much more to Saskatchewan!" Said Boivin.

Then the next two hours were spent on the bus editing, doing voice overs, preparing balloons, doing make up and various other pre-show chores. Macintosh reflected on the afternoons activities as they prepared for the live broadcast." The one thing that I always sort of marvel about is when I am out and about is the hospitality. It is a general thing for people to say that small town folk are nice, but it really is true. You get invited into peoples businesses, peoples homes, without even a second thought. And that's some thing you could never wrap your head around until you actually go to these places and visit it. To be able to go to a community and borrow a kids bike, and rip around in the motocross track and play games at the school and get a free lunch and experience this kind of thing and find a section of Saskatchewan that isn't flat, thank goodness, it is kind of nice. It is a beautiful part of the province!" said Macintosh. "It's very welcoming."

Hundreds of people from the community of Coronach and surrounding communities began together at the Coronach Golf Course clubhouse around 5 o'clock for a free supper, supplied by the Coronach Economic Development Committee. Beef on a bun, with the beef prepared by Deb's country kitchen along with the lentil salad, coleslaw, beans and homemade desserts were enjoyed by the crowd. As the sun began to set the crew scurried to get ready the scene for live broadcasts that were part of the CTV Regina's evening news. A large group of people gathered behind Macintosh and Boivin as they delivered an overview of Coronach and conducted interviews of local reporter Kelly Elder and businesswoman and tour guide Valerie Rousseau. Macintosh also went into the crowd to talk a number of the youth. When the cameras were off, Macintosh talked about the day, "It's been a fantastic trip here, the weather couldn't have been better especially considering it's the end of September. It says exactly what small town is about....they know you, they make you feel very welcome, it's very comfortable, feels a little bit like an extended family. You get to high 5 the kids and shake hands, it's just a fantastic time."

Following the live broadcast the day was wrapped up with a Hometown Hero presentation by Boivin. An award was given to 89-year-old resident Cecil Keast. Keast was unable to attend the broadcast but George Curran accepted the award in his absence. Keast served in World War II and was a prisoner of war for over 2 1/2 years. Former resident Carla Kupper, along with her three sons Mitchell, Matthew and Michael traveled from Chaplain to spend the day in Coronach for the home town tours. "My boys and I really enjoyed CTV home town tours in Coronach, they especially love seeing themselves on TV! We miss the motocross demo so they were disappointed with that. Seeing the community gather together at the news broadcast was my favourite experience. I'm proud to say Coronach give my hometown!" said Kupper.

Many former residents, as well as friends and relatives of residents of Coronach, enjoyed watching the coverage on CTV News as well as the link on Facebook. Clair Wagner, who graduated from Coronach school in 1984 and currently lives in Vancouver said, "Thank God for Facebook or I've never seen the CTV hometown tour. Well done Coronach, it was great to see the whole town out and showing the world what a fantastic community Coronach is. I'm proud to be from there - Good Job Kelly and Val!" said Wagner. He was surprised to see the footage of the motocross track, that he didn't know existed in Coronach. "It looks like a blast!" he said. Although there was some complaints of things that were missed in the footage that was shown, most agree that the spotlight on Coronach was a good one. "I thought it was very well done and very well organized. It was a lot of fun. I think the school planned a lot of activities that showed our spirit and any free meal is a good one! I enjoyed it!" said grade 12 student Connor Ferrie. Marilyn Christopherson agreed, "It was wonderful, a lot of people showed up. Good food and a wonderful day. I watched it on TV and thought it was a great plus for our town. As a matter of fact, we are going to save it and show all of our friends in Florida."

The CTV hometown tour continued the next day in Oxbow, followed by stops in Ituna, Davidson and Kronau.

Late Night Swim

Open until 11:00pm

Everyone Welcome!! After 9:00 kids must be 10 and older to remain in the pool. Anyone 9 and under must have a parent/guardian IN the pool with them to stay. This is non-negotiable - no kids 8 1/2 yrs old can stay without an adult, no kids younger than 9 can stay if the parent is sitting on pool deck but not in the water. This is a fun event for everyone but also adds extra stress on guards. Rules have to be made and limits set in this situation to keep everyone safe. In the past people had to be 12 and older to even attend this event. In efforts to include more kids, the age limit has been lowered and these new rules have been put in place.

Benefits of exercising in water

1. Low impact

Water places an upward force on a person. This principle known as 'buoyancy' means that you can experience as much as 90 percent less weight when in the water. This makes water exercises an ideal activity for a low impact water workout. Water aerobics allows people to perform exercises while placing very little weight on the joints opening up a new opportunity for people of all ages, and varying levels of fitness.

2. Improves physical and mental health

The natural resistance of water increases strength while keeping you cool and comfortable. Just 150 minutes of a pool workout per week can help decrease your risk of chronic illness, according to the Centers for Disease Control and Prevention. Water aerobics can improve your cardiovascular and respiratory system in the same ways as cycling or running. Water is about 800 times denser than air, so it provides about 12 times more resistance. That means the moves you do in the pool can work your entire body, particularly your arms, legs, shoulders, and core.

3. Boost confidence

Pool exercise can boost your confidence if you are intimidated by conventional exercise routines. In the water, you are mostly submerged, so no one can see if you get the moves wrong. If you are a beginner, you can build a level of fitness that you can then carry over to feel more confident when exercising on land.

Water is naturally supportive. If you lose your footing on land, gravity will take over and you will most likely fall and injure yourself. In water there is no need to worry about falling, water will not allow you to, it will support you throughout all your exercises.

4. Increase calorie burn

Water also has greater resistance than air, which means walking in water requires more effort and ultimately burns more calories than walking on land. Expect to burn between 400 and 500 calories per hour in a water aerobics class, according to the Aquatic Exercise Association.

5. It's a FUN way to exercise!!!

Being in a pool is always splashy fun. Participating in a water aerobics class not only makes you happier and healthier, it is also a great social experience where new friends are made. The forgiving water environment is effective for exercising and enjoyable. People are friendly and it's a lot more fun than swimming laps.

Remember, our pool has steps to help with ease of getting in and out of the pool. There's really no excuses not to get out and join a class!

CORONACH NEW HORIZONS/DROP IN

CONGRATULATIONS TO ALL WHO HAVE BEEN ABLE TO SAY "I STUCK IT TO COVID"! AND IT LOOKS LIKE WE ARE SOON GOING TO BE ABLE TO HAVE A LOT OF THE RESTRICTIONS LIFTED. IT'S BEEN A LONG TIME COMING BUT WE SURVIVED!!

WE WERE FINALLY ABLE TO HOLD OUR REGULAR MEETING AS WELL AS OUR ANNUAL MEETING OF THE NEW HORIZONS ON JUNE 18, 2021. WE DON'T HAVE MEETINGS IN JULY AND AUGUST SO HOPEFULLY BY SEPTEMBER WE WILL BE ABLE TO TRY TO HAVE SOME FUNCTIONS AGAIN. THE DROP IN IS OPEN FOR CARDS AND COFFEE MONDAY, WEDNESDAY, THURSDAY AND FRIDAY AGAIN.

ON A SAD NOTE WE HAVE LOST TWO OF OUR LONG TIME MEMBERS THIS PAST YEAR. TILLIE DUNCAN PASSED AWAY IN MARCH AND ANDY GIRAUDIER IN JUNE. RIP TILLIE AND ANDY.

A BIG THANK YOU TO OUR MEMBERS WHO HAVE CONTINUED TO WORK DURING THE PANDEMIC TO KEEP OUR DROP IN SECURED BY CHECKING, GARDENING ETC. A HUGE THANK YOU TO MEL AND PAT HARKNESS FOR CUTTING THE LAWN. GOOD MEMBERS ARE THE STRENGTH OF OUR ORGANIZATION.

Summer.

Hair gets lighter.
Skin gets darker.
Water gets warmer.
Drinks get colder.
Music gets louder.
Nights get longer.
Life gets better.

I hate it when I mean to buy seedless grapes, but instead I accidentally get....well you know.....Oreos.

ANXIETY MANAGEMENT

By: Brandi Dahlman

Anxiety is something that we can't ever get rid of completely. A healthy level of anxiety is important and is actually helpful. However; sometimes, our anxiety may start to take over certain parts of us and our lives.

Breathing:

Abdominal breathing

- breathe in slowly and deeply through the nose
- fill your lungs with air and let your stomach rise
- deep breathe out

4x4 breathing:

1. Breathe in to count of 4
2. Hold or pause to count of 4
3. Breathe out to count of 4

Thought stopping:

- scattered counting (10, 16, 5, 7, 32)
- verbal interruption (Stop, thank you anxiety for coming but I am safe right now)
- snapping a band/hair elastic on

Resources:

Remember you are not alone! Reach out for help when you need it.

Tools and techniques to tackle

Grounding: body awareness

1. Take 5 deep breaths through your nose and exhale through puckered lips
2. Place your feet flat on the floor. Wiggle your toes. Curl and uncurl your toes. Feel the sensations in your feet.
3. Stomp your feet on the ground several times. Pay attention to the sensations in your feet and legs as you make contact with the ground
4. Clench your hands into fists, then release the tension. Repeat 10 times.
5. Press your palms together. Press hard and hold for 15 seconds. Pay attention to the tension in your hands and arms.
6. Rub your palms together briskly and notice the sound and feeling of warmth.
7. Reach your hands up to the sky. Stretch like this for 5 seconds then bring them down and let them

Anxiety symptoms:

- increase in heartbeat and strength of beat
- increase in sweating
- dry mouth
- slowed digestion
- chills
- muscle tension
- tingling of the limbs
- knots in the stomach
- dizziness
- blurry vision
- brain fog
- rush of blood to certain areas of the body

5 senses soothing to bring yourself and your thoughts back to the present:

1. What are 5 things I see right now
2. What are 4 things I hear right now
3. What are 3 things I can touch/feel right now
4. What are 2 things I smell right now
5. What is 1 thing I taste right now

Take inventory of these areas and how they are working or not working in your life and possible areas of improvement.

1. Physical movement
2. Nutrition
3. Sleep
4. Self-care

The man told his doctor that he wasn't able to do all the things around the house that he used to do. When the examination was complete, he said: "Now, Doc, I can take it. Tell me in plain English what is wrong with me." "Well, in plain English," the doctor replied, "you're just lazy." "Okay," said the man. "Now give me the medical term so I can tell my wife."

Patient: Doctor, I get a strong stinging feeling in my eyes every time I eat a birthday cake."
Doctor: Next time, blow out the candles.

An elderly man was on the operating table, about to be operated on by his son, a famous surgeon. Just before they put him under, he asked to speak to his son.
"Don't be nervous, son, just do your best and remember, if it doesn't go well, if something happens to me. . . your mother is going to come and live with you and your family."

Start each day with a grateful
