

2021 marks the 100th anniversary of the Remembrance Poppy in Canada

Madame Anna Guérin, later christened "The Poppy Lady from France", inspired by John McCrae's "In Flanders Fields", had an idea: to adopt the distribution of the Poppy on Armistice Day as a way to raise money for Veterans' needs and to remember those who had given their lives during the First World War.

In July of 1921 the Great War Veterans Association (which in 1925 would unify with other Veteran groups to form the Canadian Legion) adopted the Poppy as the flower of Remembrance.

Since then, the Legion and its members have upheld this tradition of Remembrance.

The Act of Remembrance

*They shall grow not old, as we that are left grow old;
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them.
We will remember them.*

HAPPY BIRTHDAY

Coronach Connection is 4 years old!!

November 2017 the first edition of the Coronach Connection was delivered to your post office box. Since then we have expanded into mailing out issues to people, have advertisements every month and are hopefully helping Coronach learn more about businesses, events and the people that make up our town. In honour of our success we want to thank you as well as showcase all of our wonderful businesses. To enter the draw please visit Poplar River Pharmacy, RM office, Fife Lake Hotel & Aust's General Store. Draw includes gift certificates to:

- \$25 - Mini Mart
- \$25 - May B Sew
- \$25 - Coronach Hotel
- \$25 - Southland Coop
- \$25 - CR Plumbing
- \$25 - Marv's Tire
- \$25 - Debs Country Kitchen
- \$25 - The Nook
- \$25 - Poplar River Pharmacy
- \$25 - Luna Sol Holistics
- \$25 - Hicks Welding & Auto Parts
- \$25 - K & S Variety
- \$25 - Coronach Golf Course
- \$25 - Rustic Tavern
- \$25 - RC's Chinese
- \$25 - Fife Lake Hotel
- \$25 - Janice Colibaba Massage
- \$25 - Aust's General Store
- \$25 - From Head to Toe
- \$25 - Big Muddy Auto
- \$25 - Inspired Hair & Body Salon
- \$25 - Yana's Nail Factory
- \$25 - Schnell Ent
- \$25 - Community Fitness Center
- \$25 - Designs by Michelle
- \$25 - Adeline Hovorka Massage Therapy
- \$25 - Coronach Agencies
- \$25 - Prairie Girls Flowers - Big Beaver
- \$25 - Big Muddy Crafts & Gifts

There will be one grand prize winner of \$325 worth of gift certificates and 4 winners of \$100 worth of gift certificates.

Rules for the draw are: Must be a resident of Coronach, Big Beaver or Fife Lake for at least the last 6 months & must enjoy reading the Coronach Connection!!

The goal of this draw is two-fold, the Connection paid \$25 to all of these businesses, thus putting money back into our community. The winner will then shop local, visit businesses they don't usually go into, try a new service and (maybe!) spend more than the \$25 and small businesses gain a new customer and more income!!

A little about our little newsletter: this is 100% volunteer and advertising is kept at low prices to encourage everyone to share events/birthdays/announcements/sales. This is in hopes that we can truly stay connected to what is happening in our area. The money from ads keeps our newsletter going from month to month - your support is needed to sustain this newsletter! The money from ads also helps to deliver our newsletter to you: we pay every month to put the Connection in every mailbox in Coronach, Fife Lake and Big Beaver. Also in our 3 year existence we have donated to the town sign at the top of Center Street (another version of a way to stay connected!) and the past 2 years purchased Grad banners for Center Street.

Thank you to everyone that has supported the Connection and I hope we can continue to all stay connected this way!

RINK REPORT

CORONACH RECREATION BOARD

Everyone entering the Sportsplex, including players, spectators, volunteers, coaches and officials, must adhere to the Saskatchewan Health Authority Return to Play guidelines along with the Coronach Recreation Board's Operating policy (below).

subject to change based on health recommendations

- All patrons who are sick or symptomatic are asked to please stay home and not enter the rink.
- Social distancing is encouraged
- Please use the correct doors (as labeled) to enter and exit the building to avoid congestion.
- **Masks will be required for anyone entering the building. At public skating/shinny masks can be removed for those 17 and under while on the ice surface. Anyone 18 and older must have a mask on at all times, on and off the ice. Failure to comply will result in removal from the rink.**
- Everyone is encouraged to use hand sanitizer when entering the Sportsplex. Hand sanitizer approved by Health Canada will be available and located in all high traffic areas.
- All patrons of the rink are expected to ensure all garbage and recycling is picked up after their time at the rink to ensure less risk to others.
- Practices/games must follow their scheduled times to allow for proper cleaning and disinfecting in between teams.
- In between games/practices and on a regular basis all high touch areas as well as dressing rooms/benches will be cleaned and disinfected. Coronach Sportsplex will be using Buckeye Terminator which is a heavy duty quaternary based disinfectant, cleaner, sanitizer and deodorizer. The EPA has approved Buckeye Terminator for use against SARS-Related Coronavirus 2 (SARS-CoV-2) {cause of Covid-19} with a 3 minute contact time at a 2 oz/gallon dilution rate.
- Spitting is prohibited
- Trainers/coaches/parents must wear a mask and disposable gloves when treating players/skaters for any injuries.

PUBLIC SKATING

*** first and foremost please remember to thank Hart Butte Community Farms for paying for your public skating time!**

- * the Coronach Rec Board is allowing volunteers to supervise public skating this season as long as the public health guidelines are followed
- * if you would like to supervise please text Jeff at 267-7297 for the code to the key box, and then post on Facebook the time that you will be supervising.
- * while you are there you must enforce the masking policy in the lobby area and for those over 18 on the ice area.
- * when your time is up you'll make sure everyone has left the building, turn off lights and put key back into the key box
- * It is your responsibility to pick up all garbage and recycling and put in proper bins.
- * 1/2 the ice is for skaters and 1/2 is for shinny. If there is no skaters there you can have full ice (and vice versa) BUT if skaters show up you must give them 1/2 the ice
- * if you go out with a stick in your hand you must have a helmet on your head
- * please when its done, make sure pucks/chairs/etc are picked up from ice surface, then when next flood is put on someone doesn't have to spend time cleaning up first.

Thank
YOU

Thank you Southand Coop for the donation of propane for the zamboni for the 2021-22 season. We appreciate your continued support.

CORONACH MERCHANTS 2021- 2022

Well, we are back after being halted last season after one weekend of games due to Covid-19.

The SHA will have guidelines to follow for the upcoming season. Please watch the 'Coronach Sportsplex & Recreation,' and the 'Coronach Merchants' Facebook pages for these updates, as they are changing frequently. The updated guidelines will be posted to these pages closer to the start of the season, as well as at the rink for the public to follow. We ask that if you are feeling unwell, please do not attend the games, and we encourage regular sanitizing.

Games Passes:

Passes that were purchased last year will be valid for this upcoming season. We will be offering Adult/Student season passes and Adult/Student 4 game passes again this year. They will be as follows:

Miracle Mouse for MS Research Fundraiser

Have you noticed spare change jars for MS Research at the local Coop store, Coop service center, Poplar River Pharmacy, RM of Hart Butte, Mini Mart and Head to Toe? The jars were put out by Gail Foley, who has MS, to support MS Research done by Dr. Josef Buttigieg and team at the University of Regina. Gail has heard 2 presentations by Dr. Josef explaining his research using mice called Trogon Horse Immunotherapy. With extremely consistent promising results, the testing is in the early stage as it takes years to get to human testing. Dr. Josef comes from Balta, Mediterranean to Toronto, then Regina to have his own research lab and team for an MS cure.

Please continue to support Dr. Josef's efforts; he is highly motivated to find an MS cure because he has a close friend who has had MS for 17 years.

Coronach Alliance Church
Biblical Creation, Science, and your
Spiritual Growth

Get Answers!

Does God exist? How can anyone believe in religion when science has neither a need nor a place for God? Is evolution happening today? If God is a God of love, why do we suffer and die?

Creation Ministries International is coming to your area soon with answers to these important questions. Come and hear Richard Fangrad expose the bankruptcy of the evolutionary myth. You'll be amazed to see how weak the scientific evidence for evolution is.

This is an issue that affects everyone. Evolution teaches us there is no need for God, there is no spiritual realm, and there is no afterlife. According to the theory, spirituality is just an evolutionary trick of the mind!

The Bible gives a very different picture about the nature of these things. At this presentation, you will learn how the scientific evidence, when properly understood, confirms the details of the biblical account. At the same time, we will answer many of the Big Questions.

HO HO HOLIDAY 5K

SUNDAY, DECEMBER 5th, 2021 Start time 1:00 PM

Throw on your Santa suit and run around town with us!

The perfect socially distanced activity, where we can safely get together and raise some money for a great cause. The race starts and ends on Main Street. The Nook will be open during and after the event and has graciously donated drip brew coffee and hot chocolate for participants (specialty drinks will be available for purchase).

COVID restrictions must be followed during event and in the Nook.

There will be prizes for fastest times, top fundraisers, and door prizes.

Participants 14 and up must register online at hoholiday5k.com

Participants under 14 do not need to pay to participate if they are accompanied by a registered adult. If child participants would like a Santa suit to wear, they will have to register.

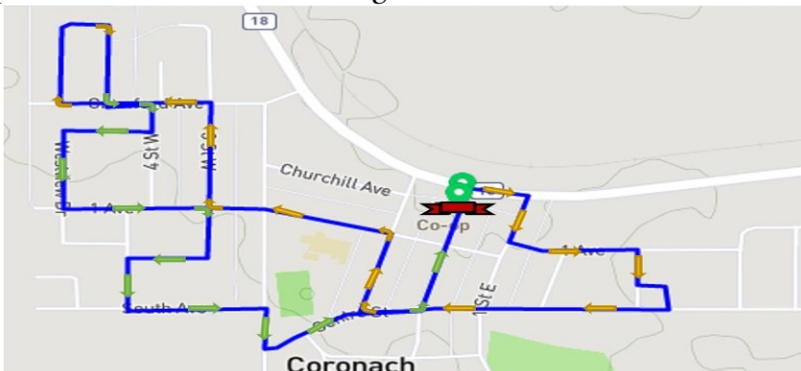

Be sure to join our team during registration: Coronach Crew

Encourage your family and friends to donate to our team online. They can direct their donation to you, and it will be added to our group total.

If you have 4 or more people registering together, there are "squad" discounts available. Register early to ensure your Santa suit is shipped in time!

Don't want to run? Cheer us on around town! See the race route below.

They truly portray the mission of the Ladies Hospital Auxillary through their dedication and commitment. They are an inspiration for all.

Council Meeting Highlights October 13th, 2021

~ Town Council reviewed and discussed ratepayer concerns with the new sewer overage rates on October 13th, 2021. They resolved to keep the rates for overage on to waive the Sewer overage fees in future billing periods as set out in Bylaw 1.2021 to ensure there will be funds for ongoing user demands on the sewer collection system and lift stations. We are clarifying the bylaw to ensure it is very clear for all residents and businesses, we are hosting a third reading of this at the November 9th, 2021 meeting. If you would like to attend as a delegation with concerns before the final reading please call the Town office to request a time.

~ We would like to thank Mary and Clarence Schnell for their extra work and time at the Coronach Cemetery this year.

~ Thank you to Ken Martin for his summer position with the Town Crew.

~ Are you interested, passionate and enthusiastic about the potential of “the dam” and the effect it could have on Coronach and the surrounding area? With the Master Plan now complete for the Reimagining the Reservoir Project, the steering committee is running an expression of interest for community members who are interested in joining a committee to determine and execute a plan for the future of the dam.

For more information on the project and how to submit your name for the committee, visit <https://townofcoronach.ca/reimagining-the-reservoir/>

Town Council has launched Voyent Alert! And we will be working to register as many people in Town and the area as possible. At this time, this is our PRIMARY notification system.

PLEASE REGISTER - No Smart phone or internet required - it can call your land line phone.

The Town office can help you sign up.

Check out <https://ca.voyent-alert.com/vras/client.html#!/registration>

Let us do your Christmas baking! Taking orders NOW until November 4

Tea is an evil substance!

Tea is much more dangerous then beer.

Please avoid drinking tea.

I discovered this last night. I had drunk 14 beers up until 3:00am at the pub while my wife was just drinking tea at home. You should have seen how angry and voilent she was when I got home. I was peaceful, silent and headed to bed as she shouted at me, all night long and even into the next morning. Please ladies, if you can't handle your tea, just don't drink it.....

Coronach New Horizons

First of all, sorry I missed last month! I couldn't think of anything to write about. (Covid Brain!) Anyway we are very slowly getting back to looking alive at the Drop In. Smear Tournaments are held every Thursday afternoons. Everybody is welcome to attend. Also coffee and cards every Monday, Wednesday and Friday. Again, everybody welcome. We usually hold a BBQ after our June meeting for the membership. Due to covid we were not able to do this in June so we finally had our wind-up BBQ in September and called it an opening BBQ!!! On October 24 we held a Pot Luck Supper. Everyone welcome! Covid rules were followed. Of course the food was great, visiting with friends was great and so good to get out and socialize a bit. Thank you everyone for coming and making our evening enjoyable. Please everybody, stay safe and lets "Kick Covid to the Curb"!!!

THE JOURNEY OF LIFE GIVES US MEMORIES OF HAROLD WE CAN CHERISH TOGETHER FOREVER

~ Harold was Coronach. He was the person that everyone went to if they had any questions. He embodied what it meant to have community pride and his love for our area was unparalleled. The knowledge he possessed of Coronach was hard to believe, you could ask him something and he'd remember every detail and circumstance around the event. I learned this all first hand when I became involved with the rink, when I had questions I'd go ask Harold. But when I started the newsletter I talked to Harold more then ever, he knew it all. In January I phoned him to ask about him and Patricia's courtship for the upcoming Valentine edition. I'll never forget the way Harold talked about her, about the first time he saw her, he remembered the date and who she was with. The love and fondness in his voice was unforgettable. I will miss him and in so many more ways then just his knowledge, Coronach has lost a leader, a historian and a true gentleman. Thank you for helping to build and sustain Coronach. Rest in Peace. ~ Heather Dionne

~ I was saddened to hear of Harold Siggelkow passing. I was thinking back to the late 70's early 80's when Pat & Harold taught dance classes in Coronach & Fife Lake. To watch these two dance together was so neat, they would glide across the floor, never missing a beat! They made it look so simple! Then Butch Hicks, would help by filling in when there were more females than males.

When we were told to grab our partners, it was a mad dash to dance with Butch and Harold!!!! When you danced with these two, you didn't need lessons, because they were great dancers!!! Pat always brought a broom to the class & the first time I saw that, I asked Harold what is that for. He replied, in a calm manner, "if you miss a step, or step on your partners feet, Pat will beat you with the broom, so you don't want to do that!" Actually, the broom was a partner for anyone who didn't grab one fast enough. We had lots of fun and lots of laughter. Everyone thought a lot of Harold, I know he is dancing in the arms of his dance partner. Rest in peace. ~Ellen

~ Harold will be greatly missed. He was a wealth of knowledge. Just last week I asked him about the whereabouts of all the abandoned wells in the old section of Coronach. As a former town administrator he knew quite a few But pointed out that there were no records ever kept (no hasbuilts). I always enjoyed reminiscing with Harold about the " good old days". Condolences to all the family. ~ Valerie

~Harold one in a million

How is Coronach without you? ~ Joan

~ Our sincere condolences to the Siggelkow family. We will always remember Harold as an outstanding fellow who gave his heart and soul to make the community of Coronach a better one. Rest In Peace Harold. Your work is done. ~ Kirby & Jo-Anne

~ My sincere sympathy to ALL the Siggelkow families. Harold was our neighbor the day I was born. My memories of him could be a long story but I will just say that he was our "Book of Knowledge" and "History Book" for the community of Coronach! We will all miss him. ~ Dorothy

~ Going to miss Harold so much!! Was so glad he shared all the memories he did about Coronach and the RM. will never forget him coming into the coffee shop and saying " good morning 16", lol. 16 is our home section number. He had an incredible memory and a bigger love for our area and town more than anyone I know. Condolences to all the family ~ Pamela

~ One of the many happy moments in Harold's life is to be with his family. He will be missed, his knowledge, his humour and wit. He was an icon. Condolences to his family. ~ Lenora

~ My uncle Harold....

My memories span from when I was 5 years old to a month ago. Uncle Harold was truly one of a kind. He was many things to many people. Uncle Harold wasn't a man you could sum up with a few adjectives. When I think of him I think of his smile, his soft but powerful presence, his wisdom, his caring for others, his wonderful sense of humour and his laugh. Without expecting anything in return he was always quick to share his kindness. He was always looking out for my mom and I deeply appreciated that.

Farewell Uncle Harold....you will be missed. ~ Lloyd

~ Harold was a dear neighbour, and lifelong friend. The kids and I loved spending time with Harold, we played many games of knock your neighbour, crib and sequence. We learned a lot of history and many story and adventures that Harold had during his life. There are so many great memories with Harold and the horses. It was a joy to see his face when he was around the horses. He taught me how to repair the barn so it wouldn't fall down, which helped me save my brothers garage! Harold holds a special place in our families hearts. I especially appreciated the calls and talks with Harold on the phone after we moved away. Our condolences to the Siggelkow families. What a gift your father was to everyone he met!! ~ Corby

~ For over 50 years Harold showed us what a true and faithful Freemason is. His commitment to his family, his community and to himself has indelibly imprinted him on our hearts. Rest in Peace Brother, You are sorely missed. God's will has been done. So Mote It Be. ~ St. John's Lodge #106 AF&AM

~ I remember a family Christmas 40+ years ago, the driveway to Mom and Dads farm was blocked. Harold showed up with grader Christmas morning and cleared the driveway, I think Harold understood the meaning of life, believing he should help others when he could, A Life Well Lived. ~ Roger

People Helping People

Moose Jaw Transition House - The Moose Jaw Transition House has been a respected community agency since 1978, serving the Moose Jaw-South Central Region. We provide services to those experiencing interpersonal violence and abuse. To this end, we offer 5 key programs: Shelter Services, Crisis Line, Community Outreach Program, Children Exposed to Violence Program, and Shelter Support & Follow Up Program. Our mission...To work toward ending the cycle of abuse and violence within the Moose Jaw & district community by providing emergency shelter, support, advocacy, education and referral.

Moose Jaw Food Bank - The Moose Jaw & District Food Bank is a non-profit organization which collects, sorts and distributes donated and recovered food and grocery items for those in need. We currently help 950 plus individuals and hand out 400 plus food hampers each month. Nearly half the people we provide food for are children. As part of a national food bank network we seek to alleviate food insecurity for all those in need. We are not government subsidized and rely solely on donations from our community partners and individuals like you who want to make a difference.

Coronach Merchants 1988/89
January 11, 1989

Coronachs' senior hockey club has changed over the years. Prior to 1975 the club was called the Fife Lake/Coronach Combines and they played in the borderland hockey league. The club became the Coronach Dusters later on. In 1976 they began playing in the Notekue hockey league dropping out in 1978 to go into the Big Muddy League. In 1980 the club became the Coronach Merchants and have been with the Notekue league ever since. We were able to get a team roster for the 1979/80 Coronach dusters. It is interesting to note who their players were: Goalies: Doug McGirr, Brian Dalwood, Gary Lewendon. Defence: John Foley, Tony Gall, Mark Shelstad, Claude Rousseau, Don McRobb, Rick Cairns. Forwards: Virgil Cairns, Barry McLellan, Gerry Millette, Randy Gellner, Brian Eger, Nelson Powell, Kevin Foley, Murray Hicks, Barry Johnstone, Blaine Johnstone, Grant Elder, Ward Wagner, and Gordon Mitchell. We were not able to acquire the coaches name

Southern Sask., Montana groups partner to create cross-border tours

By Kelly Skjerven Global News

October 17, 2021

A South Saskatchewan group has partnered with Missouri River Country in Montana to organize cross-border tours. South Saskatchewan Ready has been created to come up with strategies and plans to mitigate the negative economic impacts of transitioning away from coal.

The federal government has committed to ceasing operations at most coal plants by 2030.

Tourism is one of the industries the group is looking at to drive economic activity.

Sean Wallace, managing director of South Saskatchewan Ready, said the idea came about after he recalled living in New Brunswick, close to the border.

"We know that provincial governments often times have agreements with some of our southern cousins. We know the federal government has agreements with other countries in terms of trade and economic development," Wallace said.

"So we basically said, 'well you know what, I don't think there's a reason why we couldn't explore doing an agreement with some folks that we're very close with in the Montana border to develop some tourism products.'"

This week's announcement that the land border will open for non-essential travel on Nov. 8 is welcome news to both groups.

Wallace said the groups plan to create itineraries that incorporate attractions in each community.

"We want to basically do itineraries that have a good flow that we can visit every community within both regions and not do a whole lot of backtracking," Wallace said.

There will be eight counties included in Montana and nine communities in Saskatchewan; Bengough, Coronach, Rockglen, Willow Bunch, RM of Bengough, RM of Happy Valley, RM of Hart Butte, RM of Poplar Valley, and RM of Willow Bunch.

"Attractions in each community will be a part of the itinerary, no one's going to be left out," Wallace said.

"This is a valuable partnership for both South Saskatchewan Ready and Montana's Missouri River Country. We look forward to increasing tourism and the economic impact that it will have on our regions," said Carla Hunsley of Montana's Missouri River Country.

Wallace thanked Tourism Saskatchewan, as well as the federal and provincial governments for their support and financial assistance throughout the group's mission to transition from the coal industry.

Itineraries will be available in May on the South Saskatchewan Ready website and Montana's Missouri River Country website.

We're excited to announce Saskatchewan's first utility - scale solar facility is online!

Located southeast of Swift Current, nearly 30,000 solar panels will generate enough power for about 2,500 homes. For reference, compare that to the average home with solar panels, which has about 20 panels on average. Using a sustainable power source, like the sun, emits no greenhouse gas emissions and it very cost effective.

If you spot a few wind turbines on the horizon, you're correct! That's the existing Centennial Wind Facility sitting just behind Highfield Solar. One down, four to go! This is the first of four major solar projects underway in the province. Visit saskpower.com/projects to learn more. #poweringourfuture

Let's Connect Coronach!

Hello Coronach! My name is Brandi Dahlman and I am the Healthcare Counsellor for the south central part of the province. I am going to be coming to Coronach **every Tuesday** for the day. I am available through referral from the doctors that come or from the Nurse Practitioner. Please don't hesitate to book in and be connected to me!

What is Primary Healthcare?

Primary Healthcare is often the first point of contact when someone is needing health services whether that is mental or physical. Primary Healthcare teams include doctors, nurses, nurse practitioners, social workers, dieticians, pharmacists, EMT's, counsellors and also community workers and volunteers, etc. The goal is for all the members to work together to provide the best level of care to the patient. We want the care to be patient-centered and for the patient to be empowered and included in all decisions involved in their care.

What is a Primary Healthcare Counsellor?

My role as a Healthcare Counsellor is to work alongside all of these key members and help provide brief, counselling and psychoeducation for those needing some extra mental health and wellness supports in their life. I work with anxiety, depression, stress management, health and wellness, smoking cessation, chronic disease/pain management, mild substance use, parenting issues, postpartum depression, grief, communication/goal setting, self-esteem etc. I am available through referrals from general practitioners and nurse practitioners. I also hope to help bring extra supports and resources to the community!
