

# Coronach Connection

~ February 2022 ~

Tuesday, February 1- Chinese New Year

- one sixth of the world's people celebrate Chinese New Year
- the annual largest usage of fireworks on the planet is for this holiday
- everyone wears new clothes

Wednesday, February 2 - Groundhog Day

- The groundhog wakes up from hibernation on February 2.

If the groundhog sees its shadow when it emerges from its burrow, there will be six more weeks of winter.

If it does not see its shadow, spring will arrive soon.

Monday, February 14 - Valentine's Day

- also for everyone not in a relationship, it is known as Single Awareness Day or SAD

Teachers will receive the most Valentine's Day cards, followed by children, mothers, wives, sweethearts and pets.

- On average, men spend double the amount of money on Valentine's Day gifts than women spend. The average amount a man spends is \$130.

Monday, February 21 - Family Day

- In October 2006, Saskatchewan's Premier, Lorne Calvert, proposed the holiday for the province, starting in 2007. The bill for the Labour Standards Amendment Act, 2006, was introduced in the legislature on November 1, 2006, and received Royal Assent on December 6. The act officially declares Family Day on the third Monday of each February, the first Family Day in Saskatchewan was February 19, 2007.

On Tuesday, February 22 the date will be 2\*22\*22

## EXCITING NEWS!

The R.M. of Hart Butte No. 11 & The Town of Coronach are very excited to introduce Michelle Myren as the new Coronach Community Coordinator! Michelle will be creating new and exciting activities and events in and around the area, as well as helping established groups with ideas, events, advertising, etc. This is a new evolving role in our community, so if you think you can utilize Michelle's services, please contact her. Michelle is encouraging all recreation and community groups to contact her!

# The 2022 Pig Spleen Weather Forecast

Forecast again this year was sourced from a single spleen from a happy free range hog obtained from Jaime and Clint Cobler, raised near Gull Lake Saskatchewan (Southwest Saskatchewan). Several Spleens were examined, and this one was by far the most telling.

The Prognostication was completed on December 20, 2021 at my brother's house. Due to the COVID restrictions, no entertainment was present. But to ensure accuracy, some alcohol, namely aquavit, was enjoyed in the traditional Scandinavian fashion.

For a refresher course, in order to make a prediction, the spleen is divided into six equal parts, representing the months of the year from January through June. According to the tradition, you can't really do a forecast outside of this timeframe or it violates the rules. Violating Viking tradition risks not getting into Valhalla, so the charlatans that might be pretending to make similar predictions might be careful. When interpreted properly, this fat on the spleen will tell you the temperature and weather expectations for the upcoming year. Any abnormalities in the spleen, like bumps or scars, signify cold weather or a significant weather event at that time.

Last year, the spleen had very odd characteristics, and we indeed had an odd year with all the shenanigans in the USA with Donald Trump at the start of the year and with Covid in general. This year's spleen is rather unremarkable, meaning that we will see a gradual return to a more normal lifestyle as we get past, or get used to, all the COVID-19 issues.

Based on the fat on this spleen, the 2022 winter and spring will be colder than what we have been used to, and we will have more precipitation than normal. One must keep in mind that this is a climate change pig so even though the temperatures show colder weather than normal, the old-timers will say that this is nothing compared to what we used to experience. It will start out with a below normal temperature in January but warm up significantly just before the middle of the month. After that, it will gradually get colder and generally remain colder until the end of April. May and June will be about normal but will have little to no precipitation. Even though it will be colder than normal, temperatures will be turbulent with drastic changes from warm periods bracketed by being very cold and with wind.

## January/February

January will start off colder than usual for about the first 10 days, as the temperatures remain very cold until about January 12. After this, there will be a significant warming trend that will last for about a week, and then temperatures will gradually decrease again. Temperatures will drop each day until the end of the month, when it will warm up slightly and stay warm for a few days. Abnormally cold temperatures on January 22nd can be expected.

The cooling trend will be accompanied by light snow and will add more significant snowfall on January 26. Temps will remain cold toward the end of January and into February.

Temperatures into February will gradually improve over the month. Expect a warming trend on February 5 and 9 where snow and rain are again a possibility. There will be some snow again around February 20, which could become a blizzard, and again at the very end of the month and into the start of March. Expect cold winds with the cold weather.

## March/April

March will start off with snow at the start of the month and then again mid month. There will be one or two very warm days around March 12 that will be followed by some snow in the next few days. In general, temperatures will gradually improve throughout the month, but it will be cold to colder than normal.

April will see continued improvement, with temperatures remaining below normal but not as significant as in previous months. Expect a snow event again near April 7. April will have a tendency towards average to above average temperatures, until the very end of the month when it will cool off significantly around April 27. The Spleen shows one significant snow and rain event around April 21.

## May/June

At the end of April, temperatures will very rapidly change to mild and more normal. There are rain events at the start of May, around May 2 and again around the 22nd, but not much following this, until the very end of June. June will be a normal month temperature wise, but dry until the end of the month.

Jeff Woodward PS Pig Spleen Weather Prognostication

## Job Posting!

### The Old Coronach Street Festival is looking for a Festival Coordinator!

#### Skills

Communication skills: Excellent listening, speaking, and writing skills will facilitate your ability to communicate with vendors, event attendees, and the organizing committee

Total time commitment will be around 160 hours.

Please submit applications to [oldcoronachstreetfestival@gmail.com](mailto:oldcoronachstreetfestival@gmail.com) by February 15, 2022.

**PINK SHIRT DAY**  
February 23, 2022

# Wear Pink

What started as an act of kindness has turned into a global movement to stop bullying both on and offline.

1 in 5 kids are bullied. That's 20%, not a small number. It is an escalating problem that started in playgrounds and schools but quickly moved to social media and online communications. Bullying effects not only the person who is the victim of bullying but also the bullies themselves and those who witness the act of bullying. So though 20% of our kids are bullied, the effects of bullying go much further than the statistics show.

It is an ugly mess, a harmful mess that increases anxiety, contributes to poor performance both at school and at work, increases the use of alcohol and drugs later in life, and makes everyone affected by the act of bullying, unhappy, distressed and depressed. No one deserves this way of life and a simple give on February 28th can help

Pink Shirt? Why a pink shirt? The story behind the pink shirt is a beautiful one, a real act of courage and support for those affected by bullying.

In 2007, a young boy wore a pink shirt to school. He ended up being bullied by another student for wearing his pink shirt. The next day, David Shepherd, Travis Price and their teenage friends wore pink shirts to stop the bully and support the bullied. Wow! The support from the other boys, this simple act of giving, supported the male student who was bullied and immediately stopped the bully. Today, Pink Shirt Day is a global movement that brings awareness of bullying and raises funds for community programs that help stop bullying and spread the anti-bullying message.

On February 23, 2022, we encourage everyone to practice kindness and wear pink to symbolize that you do not tolerate bullying.

## February 23, 2022 - wear your pink!

**Coronach School - Wednesday, February 23rd is PINK SHIRT DAY**

This day, supporting Anti Bullying in Canada, is during our February Break. So, we are going to celebrate it all month!

Every Monday, for the month of February, we are going to wear pink.

**Pink Shirt Days will be: Monday, Feb 7**

**Monday, Feb 14**

**Monday, Feb 28**

Each of these weeks we are also going to try to incorporate the following ACTS OF KINDNESS into our classrooms, school and community.

Week of February 7th: Pay a Compliment to someone

Week of February 14th: Write a thank you note or card to someone you appreciate

Week of February 28th: Random Acts of Kindness. This could be helping a classmate, holding a door open or even buying someone a coffee.

We encourage the community to join in and spend the month of February wearing PINK and spreading joy with Random Acts of Kindness!

Holding hands with someone you love can alleviate  
physical pain as well as stress and fear.

Valentine's Day typically means flowers and chocolates – but how much of a green thumb and chocolate lover are you?

## Green thumb?

1. What kind of flower is the fleur-de-lis?
2. Saffron is the most expensive spice by weight. From which flower do you get the spice Saffron?
3. Vanilla comes from which flowering plants?
4. What name is given to the smaller flowers you find in a dandelion's head?
5. Which plant produces the largest individual flower on earth?
6. What quality makes a plant perennial?
7. Which small, white flower is commonly used to make tea?
8. What is the national flower of Canada?
9. What is Saskatchewan's official flower?
10. Roses symbolize Valentines day but what flower symbolizes Mothers Day?

## CHOCO-HOLIC?

1. How does chocolate (cacao beans) grow?
2. Which chocolate bar is a caramel shortbread with chocolate coating?
3. Which Cadbury bar is made with honeycomb?
4. What chocolate bars slogan is, "You're not you when you're hungry"?
5. How many segments are there in a Terry's Chocolate Orange?
6. What is the largest chocolate manufacturer in the world?
7. What is the best chocolate as far as nutrition is concerned?
8. Which character said, "Life is like a box of chocolates. You never know what you're gonna get"?
9. In what month do we celebrate World Chocolate Day ?

**What do Chaplains do?** Most of us probably have a reasonably good idea of the role and work that a hospital chaplain does. Rev. Emily Carr, as United Church Chaplain for the Northern Saskatchewan Hospital Chaplaincy, explains that spiritual care is offered in many and multifaceted ways.

**Chaplaincy Exists to Provide Spiritual Care** - For many people, being in the hospital presents an array of spiritual challenges: fear, loneliness, confusion, changing self-image, loss of hope. •Spiritual care provides a non-anxious presence that allows people to feel and express their spiritual state, and to foster growth and strength. •Spiritual Care may use elements of a person's faith tradition, or other spiritual practices, to help them recover and build spiritual strengths such as courage, patience, hope, and acceptance.

•**Chaplaincy Exists to Facilitate Communication and Advocacy** - The world of the hospital is not easy to understand and even more complicated when one is sick. •In many cases, especially when decisions are required to be made by a patient or family, spiritual care providers are able to act as a bridge in communication between patient and family and hospital staff. •We help families understand what it means to end life support, and what will happen in this process. •We are able to communicate with staff when a family is ready. •We help and support patients who are choosing Medical Assistance in Dying, and are able to help them communicate their decision to their children and families. •When needed, we are able to help patients connect with resources such as social workers within the hospital or other programs and services provided in the community upon discharge.

•**Chaplaincy Exists to Carry Out Rites of Passage** - Hospitals or long-term-care facilities are not where most of us would choose to mark or celebrate rites of passage, but the reality is that it is a place where families find themselves at some of life's most important intersections. •The Northern Saskatchewan Hospital Chaplaincy seeks to help families honour the meaning, beauty, and dignity in their lives by providing rites of passage upon request, including baptisms, prayers for the end of life, marriage ceremonies, and celebrating important birthdays and milestones.

This work applies to the South Saskatchewan Hospital Chaplain also. Most of the work that these Chaplains do is directed to patients who normally reside in rural Saskatchewan (out of our two major cities).

*Emily Carr is the Chaplain for the Northern Saskatchewan Hospital Chaplaincy. She looks after patients attending Saskatoon facilities (St. Paul's, Royal University, Saskatoon City, Parkridge Centre, Hospice at Glengarda, and Jim Pattison Children's Hospital). Emily can be reached at 306- 227-8707 or rev.emilycarr@outlook.com*

*Lorna King is the Chaplain for the South Saskatchewan Hospital Chaplaincy. She looks after patients and their families who end up visiting the Regina locations (Regina General, Pasqua, Wascana Rehabilitation, and Wascana Grace Hospice), Lorna can be reached at 306- 551-7755 or lking1255@yahoo.com*

At present, patients who would like a visit from a Chaplain must contact the Chaplain personally (or their family on the patient's behalf) or request a visit through an attending nurse. Accessing a United Church Chaplain is free, a service that is provided and funded mainly by United Churches throughout the province and donations.

The Chaplaincies now have a new website: [ucckhospitalchaplaincy.com](http://ucckhospitalchaplaincy.com). Donations would be greatly appreciated. They may be made through the new website or sent directly to the individual Chaplaincies. Northern: 505 10th St. E. Saskatoon, Sk.S7N 0E3 / South: 3246 E. Renfrew Cres. Regina, Sk. S4V 2W5

## ~ New Horizons News ~

Well cold one day, then warm the next!! Guess this is Saskatchewan weather. But how thankful we should be to be here in Saskatchewan and not in some of the foreign countries where there is floods, tornadoes etc. We need to count our blessings.

We at the Drop In Centre had our Potluck Supper on January 16, 2022. Not a big crowd during these scary covid days but those that came enjoyed a great supper. It is just nice to be able to get out a little more and socialize.

We held our regular meeting for the Drop In on Friday, January 21, 2022. We plan on having another Potluck Supper on Sunday February 20 @ 5PM. We do follow Covid rule which is proof of vaccinations. Also masks to be worn when moving about the room. Each year we give a donation to Telemiracle. Lets Ring Those Phones! Take care everybody and stay safe!

Southland

# Scratch'n'Save Day February 15

## RCMP REPORT

During the month of December, the Coronach/Bengough RCMP responded to 20 calls for service. There were three traffic tickets issued.

Calls to service included:

- 1 Extortion without a firearm
- 1 Assault

- 1 Ticket issued for failing to use turn signal

How do you stop bacon from curling  
in the pan?  
You take away its tiny brooms

**Council Meeting Highlights**  
**December 14<sup>th</sup>, 2021 & January 11<sup>th</sup>, 2021**

1. We are pleased to report that we received 3 quotes on asbestos abatement for the Coronach Community Hall and that will now proceed. Town Council has hired Firmin Abatement Specialists Inc. for the Community Hall asbestos Abatement for \$52,090.90. Three quotes were received and Council reviewed them on January 11<sup>th</sup>, 2022. The abatement is planned to begin as soon as the contractor's schedule allows. Once this is completed, there will be a thorough building structural inspection to ensure restoration is possible, Town Councils intention is restoration if it can be completed within the Insurance coverage of \$741,000 for the building and contents. The timeline for the abatement will be 2 weeks once it starts and, once we have structural information, we will update the public on the next steps.
2. We worked with our Town's Owner Engineer, Town Foreman, Town Council and hired local Saskatchewan Engineering firm Wyatt Engineering for our
3. Downtown Coronach renewal project under the funding from Prairies Canada of \$5,889,765 for Water and Sewer line replacement and road and sidewalk replacements in the business district. Follow the project's progress here <https://townofcoronach.ca/downtown-coronach-renewal/>
4. Prepayment of utility bills for 2022 will be open from January 3<sup>rd</sup> to January 31<sup>st</sup>, 2022 for \$763.00 with a \$50.00 credit.
5. Committee representatives were appointed December 14<sup>th</sup>, 2021 and letters have been sent to the committees.
6. Council member indemnity rate for 2022 will continue to be \$150.00 per council meeting; per committee meetings is \$65.00 up to 2 hours and \$75.00 for committee meetings over 2 hours; Day long meetings (over 5 hrs.) are \$250.00, and that the Mayor Monthly is \$250.00 per month and that mileage rates will follow the Province of Saskatchewan Rates as noted on Section: PS 601-A Travel Allowance document at the time of the quarterly indemnity payment.
7. The Council voted January 11<sup>th</sup>, 2022 to make the payment of the annual \$50,000 to the Coronach Sportsplex operations and an additional \$5000.00 donation to alleviate demands of increasing costs and operational demands for 2022.
8. In planning ahead for a busy year, Town council is giving public notice of additional regular meetings of council in 2022 on the following dates

January 11, 2022	July 12, 2022
February 8, 2022	August 9, 2022
March 8, 2022	September 13, 2022
March 22, 2022	September 27 <sup>th</sup> , 2022
April 12, 2022	October 18, 2022
May 10, 2022	November 8, 2022
May 31, 2022	December 13, 2022
June 14, 2022	

## Town of Coronach Public Notice

January 25<sup>th</sup>, 2022.

This is public notice that Bylaw 3.2006, A Bylaw to Establish Public Notice Policy will be reviewed for a first review and reading as part of the agenda at the Regular Meeting of the Town Council to be held at 6:00 pm on February 8<sup>th</sup>, 2022 in the Council Chambers of the Town of Coronach Office, 212 1st Street East, Coronach, Saskatchewan.

As per subsection 128(1) of The Municipalities Act, Public Notice is hereby given that Council, of the Town of Coronach, will be discussing an updated Bylaw to reflect all Public Notice requirements of The Municipalities Act including:

- Section 13: Closure of streets and roads
- Section 48: Disposition of municipal lands or buildings
- Sections 48.1 – 48.3: Creation, alteration or dissolution of additional services area
- Sections 49 – 60: Creation and alteration or restructuring of municipalities  
*(NOTE: Prescriptive requirements)*

- Section 80\*: Number of councilors
- Section 81.1: Council procedures bylaw
- Section 83\*: Division into wards
- Section 85\*: Establish wards
- Section 86\*: Review of wards

*NOTE: Section 87 requires that the Municipal Wards Commission (MWC) is required to hold public hearings and consultations; however, the legislation is silent on the manner in which the public is to be notified. See subsection 128(2). NOTE: Sections 80-86 denoted with an asterisk do not apply to rural municipalities*

- Section 87: Availability of municipal wards commission report
- Section 107: Amend or repeal a bylaw which originally required public notice
- Sections 122 and 123: Regular and special meetings of council and committees and other bodies.  
*NOTE: Does not apply with respect to regularly scheduled meetings established pursuant to subsection 122(1)*

- Section 128: • Any matter where holding a public hearing is required under this or any other Act (provided no other specific provisions are in the Act – e.g. Planning and Development Act)  
 • Borrow money, lend money or guarantee the repayment of a loan pursuant to sections 161 to 183  
 • Establish a purchasing policy  
 • The sale or lease of land for less than fair market value without a public offering  
 • The sale or lease of mines and minerals owned by a municipality  
 • Remuneration for members of council or council committees or other bodies established by council (e.g., board of revision)  
 • Establish a business improvement district  
 • Prohibit or limit the operation of a business or class of business
- Section 129: Public meeting of voters
- Section 140: Amend or repeal a bylaw or resolution which council was required to pass as the result of a vote of the voters where at least three years have passed from the date that the bylaw or resolution was passed and a vote of the voters is not being held regarding the proposed current action. *NOTE: Minimum notice period is 21 days*
- Section 140.1: Availability of financial audit or management audit
- Section 153.1: Theft or fraud of municipal funds or property  
*NOTE: Applies if council has passed a bylaw to establish reporting policy*
- Section 217: Assessment roll completion
- Section 274: Policy or program respecting property tax compromises or abatements
- Section 312: Special tax bylaw
- Section 315: The use to which excess revenue from a special tax will be used
- Section 315.1: The use to which excess revenue raised for an additional service area will be used

Sincerely,

*C MacKay-Wilson*

Catherine MacKay-Wilson

Chief Administrative Officer, Town of Coronach

## ***Chief Administrative Officer 2021 Report***

Here are some highlights on the Town of Coronach projects and progress for 2021:

1. Lowered the Mill Rate for taxes, both for Residents and businesses, by 1.5 mills and lowered the Mill Rate Factor for commercial properties by a multiplier of 0.25.
2. Approved new business and vacant commercial location incentive programs to be prepared for future opportunities.
3. We obtained funding for branding for the communities in the region for new logos, tag lines and websites for over \$200,000 in work, from part of this fund - our community launched new branding and website design
4. Tourism Saskatchewan on a regional video for tourism in the area.
5. Joined a partnership with Montana's Missouri River Country to promote regional tourism and cross border opportunities.
6. Youth Entrepreneur program will start in 2022 as part of the Business Hub initiative with Conexus and Joe Taylor.
7. Old Coronach Street Festival brought nearly 1000 guests to Coronach on August 28<sup>th</sup>, and the Old Coronach Festival Team worked with Haus of Bellefleur on the incredible mural in the Visitor Centre greenspace.
8. "Reimagine the Reservoir" study was completed with community input and engagement sessions at the Poplar River Park that gives us guidance and directions for developing and expanding the park's amenities over the next 10 years
9. Coronach Community Economic Action Team, Town Council and our partners on the R.M of Hart Butte Council, started work on several projects.
10. We have prepared a Highway Sign Policy and, in partnership with the R.M of Hart Butte, purchased frames for a new highway sign corridor to be installed 2022.
11. We completed the Water Treatment Plant upgrades for a total of \$1.46 Million dollars. (Thank you to Lee Smith and Korey Egan on their many hours of work on this project.)
12. The back up generator for the Sewage Lift Station, on South Avenue, was ordered in May 2021 and is funded by the Municipal Economic Enhancement Program. Cummins is experiencing long delays but have committed to the generator's arrival here before the end of January 2022.
13. We have been working with SaskPower on securing future water supply and SaskPower will be opening Request for Proposals on well drilling will be opened in the spring of 2022 to identify options for Well locations.
14. We worked with Pillar Systems Management on application for \$50,000 for an asset management program that gave the Town a capital asset management database program that will help council with short and long term planning.
15. We hired 16 local contractors (within 100 km of Coronach) to work for the Town of Coronach and tendered 12 projects and sold 2 tax title properties.
16. We granted \$38,358 from Provincial Safe Restart money to 35 donations to businesses and organizations in the Town of Coronach and made a donation to the Old Coronach Street festival.
17. We had \$20,000 in Asbestos Abatement done in the Museum basement, with plans to have plumbing restored by their 2022 open date (to be tendered in January 2022).
18. We saved over \$14,000.00 this year by returning 6 Loraas red garbage bins and collected \$8469.00 in rebates for recycled materials by weight.
19. We purchased a new sanding unit for winter sanding.
20. We also purchased a Street Valve exercising unit to start work on rehabilitating street valves.
21. We purchased 6 Truck loads of Cold mix asphalt to start repairing streets.
22. In the Town of Coronach, 10 businesses improved their front facades in an effort towards improving town pride and community spirit with funding from Western Economic Diversification. We helped to paint the exterior of 2 town owned buildings that help the community (Sarcen and What Not Shoppe).
23. As the heart of the South Sask Ready Board and program, there will also be visible advertisements and promotion in 5 major cities across Canada in multiple locations funded by the same program as our beautification program.

Thank you to all Staff, Council and partners in our progress!

## **Downtown Coronach Renewal - Public Engagement Recap**

The Town of Coronach is committed to asking and answering questions, listening, understanding concerns and developing mitigations. Clear, consistent and timely communication is critical in keeping all members of the community in the know throughout the project.

### **Engagement Participation**

Business Owner Questionnaire - 10 responses to date  
Homeowner Questionnaire - 4 responses to date  
Coffee Chats - January 17, 2022 - 4 attendees  
Community Engagement Session - January 13, 2022 - 25 attendees  
Online public survey - 12 responses to date

### **Engagement Results:**

"Centre Street Visioning" exercise of photos of various downtown streetscapes gave visual ideas to attendees and survey participants. The top choices were the Roundabout, the On Street Dining, Trees and On Street Furnishings like benches, tables and textured sidewalks.

Parking preference for Centre Street, the angled parking option had 26 votes in favor compared to Parallel Parking & Median which had 3 votes.

Parking preference for the Neighbourhood streets (1<sup>st</sup> Street East, 1<sup>st</sup> Street West and South Avenue) the separate sidewalk from street surface with buffer of landscaping/grass between the road and sidewalk had 11 votes (2 online, 9 in-person) compared to the attached sidewalk that is beside to the street surface: 8 (7 online, 1 in-person)

Here is a sample of the Engagement session questions that will be reviewed by the Engineers and Town Staff and Town Council include:

- Lots of interest in keeping the median with angled parking if possible.
- Angled parking allows the most opportunities for businesses to have ample customer parking. Parallel parking could restrict access to businesses.
- Many participants liked the idea of a roundabout. Would like to see power to it so it can be decorated; Potential location north of Railway Avenue traffic heading up Railway Avenue to circle back; Potential location at 1 Avenue and Centre Street with a central light fixture and garden boxes. Could there be a roundabout north of the highway to make it safer to follow safe parking procedures and highlight the business area?
- Discussion of a "box" centre median. Can you keep the median with angle parking?
- Trees are great but they need to be pruned and maintained and leaves need to be dealt with; Like the idea of bringing green to Main Street;
- Drainage upgrade is needed at south end of main get all the run off.

### **The Next Step: Design and Council approval**

The project team will review and consider all feedback received to prepare a recommended concept for Centre Street and the Neighbourhood Streets. Wyatt Engineering will review and consider the feedback collected from directly impacted stakeholders while preparing detailed design drawings, final costing and the implementation plan. The costs of this project during a period of high inflation on construction materials will impact some of the options that council will have be able to implement. The Town will share updates via social media, the project website and FAQ document and will communicate with impacted individual businesses, organizations and homeowners throughout construction.

What is your favorite chocolate? *KitKat*  
What is your favorite flower? *I like roses*  
What is your favorite restaurant? *Olive Garden*  
What is your idea of the perfect date? *I would like to go to the Olive Garden and order everything on the menu. Then we will go back to his house and watch a movie. Then I will leave and go to bed.*

~ kaylee ~

What is your favorite chocolate? *caramel chocolates because of how much caramel there is in the center*  
What is your favorite flower? *I love white roses, they're so elegant and represent peace*  
What is your favorite restaurant? *Any fast food place like A&W and Subway*  
What is your idea of the perfect date? *My perfect date is going out and relaxing by the sea side with smoothies and laugh, with the sound of the tide washing up to our feet. Then the chaos when trying to move our towels when the tide gets too high, the joy of swimming in the cold waters. And then they wrap a towel around you trying to warm you up. That is a perfect date (with more food)*

~ jagon ~

What is your favorite chocolate? *I like KitKat*  
What is your favorite flower? *A sunflower*  
What is your favorite restaurant? *McDonalds*  
What is your idea of the perfect date? *I would like to date someone with a nice truck*

~ kati ~

What is your favorite chocolate? *Twix bar*  
What is your favorite flower? *Japanese cherry blossom*  
What is your favorite restaurant? *Little Caesars*  
What is your idea of the perfect date? *In the summer, in the evening on a beach or a lake*

~ alexis ~

What is your favorite chocolate? *my favorite chocolate bar is Reeses and Miracle bars*  
What is your favorite flower? *Tiger Lily's are my favorite flower*  
What is your favorite restaurant? *Montana's*  
What is your idea of the perfect date? *I think my perfect date would be fishing in the summer in the dark watching the stars and the moon. Or hunting in the summer or on a nice summer vacation.*

~ quinn ~

What is your favorite chocolate? *4 Aero bars or KitKats*  
What is your favorite flower? *I love roses*  
What is your favorite restaurant? *I love the Ogema Bar (only the poutines!)*  
What is your idea of the perfect date? *My perfect date would be with Sebastian Stan or Tom Holland. I think going to eat poutines and going for a walk in London would be really cool. Or go to the zoo or art museum.*

~ molly ~

What is your favorite chocolate? *KitKat is my favorite*  
What is your favorite flower? *My favorite flower is an orchid. I like how unique the shapes and colors can be.*  
What is your favorite restaurant? *My favorite restaurant is the Olive Garden. If I were there right now I would order the Mac and cheese with a pink lemonade*  
What is your idea of the perfect date? *I think the perfect date would start out as they bring me orchids and a Kitkat. Then he takes me to the Olive Garden. After I go to the zoo or petting zoo and visit all the animals there!*

~ ella ~

What is your favorite chocolate? *my favorite chocolate is a Kitkat or Reeses*  
What is your favorite flower? *A tulip*  
What is your favorite restaurant? *Rustic Tavern*  
What is your idea of the perfect date? *the perfect date is on a beach at sunrise having a picnic for breakfast eating chocolate covered strawberries and waffles*

~ declan ~

What is your favorite chocolate? *Caramilk*  
What is your favorite flower? *Sunflowers*  
What is your favorite restaurant? *Boston Pizza*  
What is your idea of the perfect date? *I would go to a hockey game*

~ samantha ~

What is your favorite chocolate? *Aero Chocolates*  
What is your favorite flower? *I like roses and sunflowers*  
What is your favorite restaurant? *Subway and McDonalds*  
What is your idea of the perfect date? *The perfect date is a picnic in the park with my boyfriend and we are playing and eating together*

Thank you to Mrs. Froehlich for getting me info!

What is your favorite flower? *a pink rose*

What is your favorite restaurant? *Rustic Tavern*

What is your idea of the perfect date? *to go to a movie*

## Winter Olympics Friday, February 4 - Sunday, February 20

### Alpine Skiing

Alpine skiing is one of the signature competitions at the Winter Olympics.

### Biathlon

Biathlon combines the endurance and intensity of cross-country skiing with the precision and skill of rifle shooting.

### Bobsleigh

In bobsleigh, athletes make timed runs down a narrow ice track in a specially designed sledge.

### Cross-Country Skiing

Still used as a means of transportation today, cross-country skiing is one of the original Winter Olympic sports.

### Curling

In curling, teams use brooms and specially designed shoes to slide granite stones across the ice towards a target.

### Figure Skating

Figure skating, an elegant mix of art and sport, includes singles, pair skating and ice dance.

### Freestyle Skiing

The various disciplines of freestyle skiing combine speed, showmanship, and extreme skill.

### Ice Hockey

A fast-paced, full-contact team sport that always draws big crowds at the Olympic Games.

### Luge

In luge, athletes must navigate an icy track at extreme speeds, all while riding feet first on a small sledge.

### Nordic Combined

Nordic combined is made up of two separate sports: ski jumping and cross-country skiing.

### Short Track Speed Skating

Short track races are full of strategy, bravery, and skill as competitors skate against one another in close quarters.

### Skeleton

In skeleton, competitors ride head-first and prone on a sledge down an icy track at high speed.

### Ski Jumping

Ski jumping sees athletes launch themselves from ramps to soar through the air, where distance (and style) are crucial.

### Snowboard

Combining elements of surfing, skateboarding, and skiing, snowboarding made its Olympic debut at Nagano 1998.

### Speed Skating

Speed skating evolved from a means of transportation across frozen lakes and rivers to a sport where athletes race against the clock - and each other.

# Coronach Health Center

Clara

Turning 92 on February 23  
(answered by daughter Dorothea)

Favorite color - Blue

Favorite food - strawberry sundae from Mini Mart

Favorite kind of cake - angel food cake

Favorite birthday memory - my mom and I both have February birthdays. My mom used to love building snow caves with her children cuz we always had lots of snow in our farm yard in February. In fact, we had such large snow hills that we could touch the telephone wires and slide off the granary roofs. We would have a family birthday with mom as often as we had a blizzard

CORONACH DROP IN CENTRE

Bell Let's Talk Day is an initiative to get more people talking about mental health and sharing their stories around the topic. The result of this is more education, research, awareness and financial aid to mental health resources and initiatives.

Their strategy is built on 4 pillars:

1. Anti-stigma: overcoming the stigma surrounding mental health.
2. Care and access: Bell supports many different organizations and funds.
3. Research: Bell invests in research and has funded research projects to continue to move mental health conversations forward.
4. Workplace leadership: Bell has an interest in improving mental health within the workplace and providing mental health training.

Ways to help:

1. Recognizing signs of stress: changes in sleep, eating, concentration, increase in health problems and substance use
2. Taking care of yourself: taking breaks from pandemic talk and media, making sure information is credible. Incorporating breathing exercises, stretching, meditation, eating well and getting some exercise. Staying connected with others and sharing concerns and emotions. Maintain your normal routine. Focus on what you can control vs. what you cannot control.
3. Take care of others: Pay attention to vulnerable groups- elderly, children, people with chronic diseases, people with mental health and substance use conditions, frontline workers, people who live alone and have few supports, etc.
4. Connect to help: Signs to consider professional help: poor sleep/oversleeping, anxiety, depression, panic attacks, difficulty concentrating, not wanting to get out of bed, excessive eating, increase in substance use, having little patience, dislike for your job, thoughts of suicide/self-harm.
5. Helping to end the stigma: use appropriate language, educate yourself, be kind, listen and ask, talk about it.
6. Listen to others with empathy and giving them the chance to be heard. Listen to yourself and your needs above all.

# VOLUNTEER OPPORTUNITY

We work together to improve health and well-being. Every day. For everyone.

Home Care West has immediate openings for volunteers to help with the delivery of **Meals on Wheels** within the community of Coronach.

The Meals on Wheels program provides Home Care clients with a noon meal Monday through Friday, delivered directly to their homes.

If you are interested in volunteering please call **Volunteer Services at 306-621-1557** for more information.

\*Saskatchewan Health Authority requires all volunteers to be fully vaccinated for COVID-19. Proof of vaccination will be required prior to volunteer assignment.

Saskatchewan  
Health Authority

## Stray Cat Rescue in Coronach

The SOS Prairie Rescue is a volunteer organisation that raises funds for veterinary care and facilitates the adoption of stray cats around Saskatchewan. SOS is planning a trip to Coronach to help humanely deal with the stray cat problem. The Rescue will trap, neuter, and medically treat as many stray cats in Coronach as they can capture. They will also rehome as many cats as pets or working barn/shop cats as is possible. To check out their amazing work, see SOS Prairie Rescue on Facebook or their website at [www.sosprairierescue.com](http://www.sosprairierescue.com).

To make this happen, we need your help! We are looking for volunteers to help SOS staff to trap and transport the cats for medical care and/or possibly foster cats temporarily. We are also wanting to help raise funds for this rescue. With enough volunteers and funds, the rescue could happen as early as the end of February. Dates will be confirmed as soon as possible.

If you would like to help the SOS volunteers with any aspect of the rescue, please email Ashley Major at [major\\_ashley@hotmail.com](mailto:major_ashley@hotmail.com). If you would like to donate money to this rescue, please send to [sosprairierescue@gmail.com](mailto:sosprairierescue@gmail.com) and write "Coronach Rescue" in the memo line. Keep an eye out for collection boxes around town soon as well!

Thank  
you!

We would like to thank Mr Stirling for his dedication and commitment to the residents of our Health Centre. He would conduct prayer services every Sunday and sometimes during the week as well.

When Covid hit and the Health Centre was locked down he would sit outside the dining room window and use a microphone and the karaoke machine to deliver his service. Some days it was so cold his trumpet would freeze up. What a great example of a faithful servant.

The residents looked forward to him coming and will truly miss Him.

We are saddened to say goodbye but wish you the best in your new home. (The Lord willing). God bless!!

With Love from, The Coronach Ladies Hospital Auxiliary

*Our Lady of Perpetual Help would like to thank everyone who sold and purchased tickets on our nativity scene raffle.*

*Your support is greatly appreciated!*

*Thank you to Cutter Done for donating the nativity scene and Conexus for displaying it.*

*The lucky winner was Linda Kirby.*

*God Bless you all*

Follow us on Facebook "Coronach Palliser Library" for all updates and for when Storyhour resumes

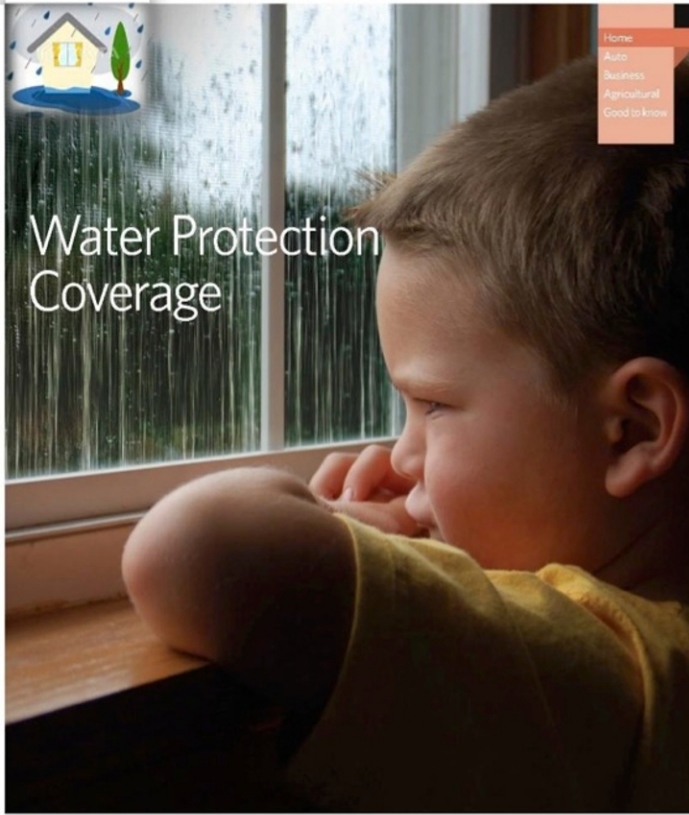

Hello EDY members! The first change of the new year is our location! We are no longer at the RM shop and during this transition, we won't be accepting plastic donations. It is a big change, but we are optimistic and currently looking for a new workshop as the old one has been purchased by a new business. We are currently looking for a new permanent workshop to continue processing your donations!

In the meantime, we would like to thank all our members and volunteers for your past donations and support. We at EDY look forward to a new and exciting future!

Also at EDY we want to extend a huge thank you to everyone in Hart Butte for lending us the space so that we could operate! It's all thanks to your kindness and generosity that we were able to come this far!

# Water Damage Coverage, are you covered and what kind of damage(s) are you covered for?

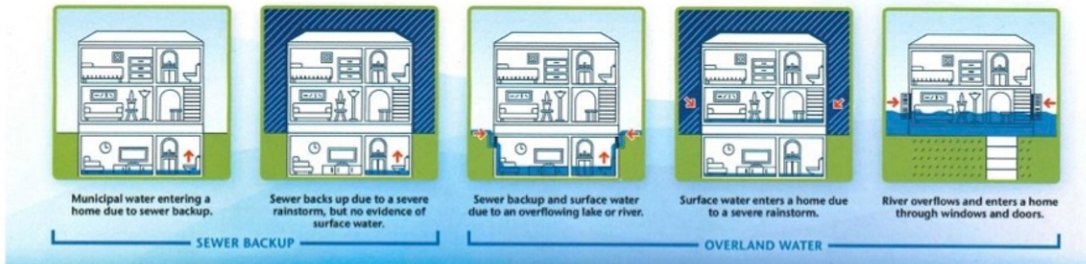

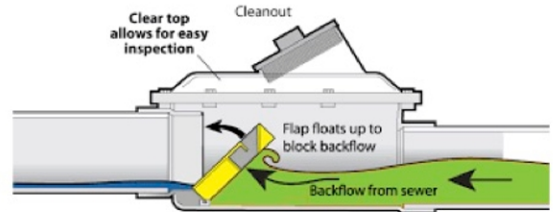

We offer coverages based on your needs through SGI Canada & Wawanesa Insurance.

## Ask About Service Line Coverage

## February is Heart Health Month

Prevention is Key - 8 in 10 cases of premature heart disease is preventable through healthy lifestyle behaviors

### Green Thumb Answers:

1. A lily
2. The spice originates from a flower called crocus sativus—commonly known as the "saffron crocus."
3. Orchids
4. Florets
5. Rafflesia arnoldii, often referred to as simply Rafflesia, which is found in the rainforests of Borneo and Sumatra. This flower is also known for its rather pungent smell
6. It lives for more than 2 years
7. Chamomile.
8. Did you know Canada doesn't have a national flower? Some 60 countries do, including the United States (the rose) and Australia (the golden wattle, Acacia pycnantha), while the United Kingdom has four: rose (England), daffodil (Wales), flax (Northern Ireland) and thistle (Scotland).  
Four summers ago, for Canada's 150th anniversary, a campaign took place to name a national flower and over 10,000 people placed a vote for ... the bunchberry (Cornus canadensis). It was certainly a wise choice, as it is one of the rare flowering plants found in all of the vast country's provinces and territories. A petition was made to Parliament to officially name it, but it was unfortunately never approved
9. The western red lily
10. Carnations

### Choco-holic answers

1. Cocoa beans grow in pods that sprout off of the trunk and branches of cocoa trees. The pods are about the size of a football
2. Twix
3. Crunchie
4. Snickers
5. 20
6. Mars
7. Dark chocolate is especially good for you if it's higher in cocoa content as that means there is less sugar in it!
8. Forrest Gump
9. July, July 7 is International Chocolate Day

# JOB OPPORTUNITY

## Park Maintenance Supervisor

The Poplar River Community Park Board will be accepting applications for the part-time position of Park Maintenance Supervisor until March 4, 2022.

Job responsibilities will include:

- Campsite maintenance and landscaping as required.
- Manage boat launch passes, reservations requests, checking guest in, and taking payment when required. (The park also has an online booking system)
- Manage/facilitate firewood sales (Ability to carry 10 lbs. & stack 2 cords of wood at a time.)
- Daily cleaning/sanitizing: washroom facilities
- Garbage and recycling – ensure containers are emptied to central location.
- Ground Maintenance as required. Includes but not limited to:
  - Operating push and riding lawn mower
  - Use of a weed whip
  - Manage Drip lines for irrigation
- Bending, pushing, twisting, pulling, and lifting motions during the performance of certain activities
- Supervision of summer employees

Must be able to work independently with strong work skills.

The hours are approximately 25 hr/week but are negotiable. Competitive wages. To inquire about the position please call (306) 267-2005.

Resumes should include:  
Past and present work experience  
Education and skills  
Two references

Please submit resumes to:  
Poplar River Community Park  
Box 180  
Coronach, SK.S0H 0Z0  
Fax: 306-267-2391 Email: [prcp11@sasktel.net](mailto:prcp11@sasktel.net)

The Coronach & District Museum would like to thank the Coronach Rec Board and Saskatchewan Lotteries for the grant support we receive every year. It's a great help to our small organization!

The Museum is taking the month of March at the What Not Shoppe. If anyone is interested in volunteering a few hours please contact Colette 267-3206. We are also looking for 1-2 new board members to join our group, please contact any of our current board, Colette Reaves, Pam Krusky, Sharon Adam, Elaine Hicks or Gail Foley.

Year of the Tiger

# Chinese New Year 2022

Chinese New Year 2022 falls on Tuesday, February 1st, 2022, and celebrations culminate with the Lantern Festival on February 15th, 2022. Western horoscopes include 12 zodiacs, one for each month. There are 12 Chinese zodiacs as well, but the animal is for the entire year. 2022 is the Year of the Tiger. Some of the animals (such as Rat, Snake, Dog and Pig) aren't normally well-liked in Chinese culture. But as a zodiac, their positive traits are bestowed on people born that year. They play a much bigger role than in Western cultures. Your animal can decide your career, health and relationship success.

## **The years of the Tiger are: 1914, 1926, 1938, 1950, 1962, 1974, 1986, 1998, 2010, 2022**

*Quick facts about Tiger* - Tigers are courageous and active people who love a good challenge and adventure in life. Tigers are kind and benevolent. Animals, jazz music or other things that call for imagination are good for them. They rarely feel tired and have rich emotions. Sometimes though, they make brash decisions and are hard to control. But no matter how many difficulties or obstacles they face, they will never give up

*Lucky things for Tigers: Colors: green, blue Numbers: 1, 3, 7*

## **The years of the Rabbit are: 1939, 1951, 1963, 1975, 1987, 1999, 2011, 2023**

*Quick Facts about the Rabbit* - The Rabbit's quiet personality hides their confidence and strength. They are steadily moving towards their goal, no matter what negativity the others give them. With their good reasoning skills and attention to detail, they make great scholars. They are socializers with an attractive aura. A plain and routine life is not their style. Though conservative and careful in their actions, they need surprises every so often to spice things up.

*Lucky things for Rabbits - Colors: red, pink, purple, blue Numbers: 3, 4, 9*

## **The years of the Dragon are: 1928, 1940, 1952, 1964, 1976, 1988, 2000, 2012, 2024**

*Quick Facts about the Dragon* - Dragons are strong and independent figures, but they yearn for support and love. They will never slack off on responsibilities nor be unnecessarily suspicious. People rarely lose trust in these people. They don't waste money, but also don't pay much attention to it. Adventurous entrepreneurs at heart, they dream of shooting to fame. Sometimes their efforts go to waste though. Still, their lives revolve around work. If you underestimate them, they will stand up and defeat you. They are serious in what they do and have high self-esteem. The only thing they require of others is respect.

*Lucky things for Dragons - Colors: gold, silver, gray Numbers: 1, 6, 7*

## **The years of the Snake are: 1917, 1929, 1941, 1953, 1965, 1977, 1989, 2001, 2013, 2025**

*Quick Facts about the Snake* - Snakes have a deep and complex mind, but if they love, they love with their entire heart. Snakes are humorous and sophisticated. They don't like small talk or thinking about small everyday problems. In a chaotic environment, they are the eye of the storm. Snakes are able to hold their ground and calmly think of solutions. They are always making new plans and follow them without relying on others' input. Their slow and lazy talking hides their fast-paced thinking. Behind their calmness, they are alert and observant.

*Lucky things for Snakes - Colors: red, yellow, black Numbers: 2, 6, 8*

## **The years of the horse are: 1930, 1942, 1954, 1966, 1978, 1990, 2002, 2014, 2026**

*Quick Facts about the Horse* - Horses are free spirits who need space to be themselves. Horses are full of energy, albeit a bit too much. Both studious and athletic, they are strong believers of chasing after dreams. Rather than wealth and fame, happiness is what motivates them. They expect others to operate at the same speed as them and don't understand why others can't. Contradicting characteristics come from the fact that they are ever-changing emotions. They have short tempers and become angry quickly. But once it's over, they forget quickly. They're biggest fault is that they're blind to their own faults.

*Lucky things for Horses - Colors: green, red, purple Numbers: 3, 4, 9*

## **The years of the Goat are: 1931, 1943, 1955, 1967, 1979, 1991, 2003, 2015, 2027**

*Quick Facts about the Goat* - Goats are loving and selfless, always thinking for others, even if it works against their own interest. Goats are able to persevere through any difficulty. This is their most notable trait. They are strong and resilient, though their gentleness might be misleading. They have high tolerance and motivation. Quiet observers, Goats consider all aspects of anything before deciding. They never act brashly and are able to complete tasks successfully. Goats also love children, animals and nature. They're very tidy and are often seen organizing the home. They're also generous with their time and money. No matter what, they put others' needs above their own. However, their inner stubbornness sometimes makes communication difficult.

*Lucky things for Goats - Colors: green, red, purple Numbers: 2, 8, 9*

## How to Say Happy New Year in Chinese

# 新年快乐

Xīn

nián

kuài

lè!

## **The years of the Monkey are: 1932, 1944, 1956, 1968, 1980, 1992, 2004, 2016, 2028**

*Quick Facts about the Monkey* - Monkeys are lighthearted pranksters who have the ability to achieve all their dreams. Monkeys' most defining trait is their intelligence. As children, they win awards and the praises of teachers. As adults, they gain professional recognition and make great leaders. Due to this, it's understandable that they can be arrogant. They're often disrespectful and self-centered when making decisions. However, they view everyone as teachers. They're willing to listen to critique and learn from their mistakes. They are calm and logical thinkers. Monkeys are always able to triumph and be the final winner.

*Lucky things for Monkeys* - Colors: white, gold, blue Numbers: 1, 7, 8

## **The years of the Rooster are: 1933, 1945, 1957, 1969, 1981, 1993, 2005, 2017, and 2029**

*Quick facts about the Rooster* - Roosters are complex people who seem strong but, deep down, need validation from loved ones. Roosters are serious in their work. They are straightforward and decisive in their actions. They'll directly criticize what they see unfit and are perfectionists. They are logical and good at managing teams. Family is a refuge and paradise for them. They wish for a large family—it means that there are more people to encourage and support them. No matter how difficult something is, they won't give up. But if someone is blocking their path, they will reveal their fierce side. They are terrifying if angered and get into arguments easily. Even if they lose, they'll use various methods to convince others into their side. Roosters really just need loved ones to validate them and encouragement to find themselves.

*Lucky things for Roosters* - Colors: gold, brown, yellow Numbers: 5, 7, 8

## **The years of the Dog are: 1922, 1934, 1946, 1958, 1970, 1982, 1994, 2006, 2018, 2030, 2042**

*Quick Facts about the Dog* - Honest and loyal, Dogs are the truest friends and most reliable partner. A Dog's most defining characteristic is their loyalty. They will never abandon their friends, family or work. Honest and just, they are popular in social circles. Everyone needs a Dog friend for advice and help. They are also good at helping others find and fix their bad habits. Despite how they act, they are worried and anxious inside. However, they will not let this stop them. Once they decide on something, no one can persuade them against it.

*Lucky things for Dogs* - Colors: green, red, purple Numbers: 3, 4, 9

## **The years of the Pig are: 1935, 1947, 1959, 1971, 1983, 1995, 2007, 2019, 2031**

*Quick Facts about the Pig*: Pigs have a beautiful personality and are blessed with good fortune in life. Pigs might not stand out in a crowd. But they are very realistic. Others may be all talk and no action. Pigs are the opposite.

Though not wasteful spenders, they will let themselves enjoy life. They love entertainment and will occasionally treat themselves. They are a bit materialistic, but this is motivation for them to work hard. Being able to hold solid objects in their hands gives them security. They are energetic and are always enthusiastic, even for boring jobs. If given the chance, they will take positions of power and status. They believe that only those people have the right to speak, and that's what they want.

*Lucky things for Pigs* - Colors: yellow, gray, brown Numbers: 2, 5, 8

## **The years of the Rat are : 1924, 1936, 1948, 1960, 1972, 1984, 1996, 2008, 2020, 2032**

*Quick Facts about Rat* - Rats are clever, quick thinkers; successful, but content with living a quiet and peaceful life.

Optimistic and energetic, people born in the Rat year are likable by all. They are sensitive to other's emotions but are stubborn with your opinion. Their personality is kind, but due to weak communication skills, their words may seem impolite and rude. On the financial side, they like saving and can be stingy. However, their love for hoarding will sometimes cause them to waste money on unnecessary things.

*Lucky things for Rats* -Colors: blue, gold, green Numbers: 2, 3

## **The years of the Ox are: 1913, 1925, 1937, 1949, 1961, 1973, 1985, 1997, 2009, 2021, 2033**

*Quick Facts about Ox* - Oxen are the hard workers in the background, intelligent and reliable, but never demanding praise.

They believe that everyone should do what's asked for them and stay within their bounds. Though they are kind, it's difficult for them to understand persuasion using pathos. Rarely losing your temper, they think logically and make great leaders.

*Lucky things for Oxen*: Colors: blue, yellow, green Numbers: 1, 4

## *Love, factually*

- you're more likely to fall in love with someone with the same lung capacity, ear size, and middle finger length
- being in love creates a neurological response identical to the effects of cocaine
- staring into a strangers eyes, while creepy, may cause him/her to fall in love with you
- looking at a photo of your beloved can alleviate physical pain
- it only takes 4 minutes to know if you like someone
- being in love causes couples heartbeats to synchronize
- the face, not the body, is the most common determinant of attraction
- men say, "I love you" sooner than women in relationships

*just  
kiss  
Me* ♥

- on average, a person spends 20,160 minutes (2 weeks) of their life kissing
- holding hands and kissing reduces stress and lowers blood pressure
- when 2 people kiss they exchange between 10 million and 1 billion bacteria
- french kissing involves all 34 muscles in the face
- kissing for one minute burns 26 calories
- on July 5-6 2005, a couple locked lips for 31 hours, 30 minutes and 30 seconds

# Coronach United Church

We are trying something new with Sunday worship services. To accommodate members of the congregation who would like to attend service but have difficulty with icy streets and the stairs at the United Church building we plan to hold Sunday service in the common room at South Winds Manor. In consultation with the activity director there, the February services will be at 1:30 p.m for February 13 and February 20. To attend everyone must have 2 doses of Covid 19 vaccine as is the policy of South Wind Manor administration. If planning to attend please contact Linda at 306 267 7895 so that she can contact you if plans must be changed.

# Our Lady of Perpetual Help Catholic Church

February Mass will be:

Saturdays @ 5:00pm in Coronach  
Sundays @ 9:00am in Rockglen  
Sundays @ 11:00 in Willow Bunch

IN LOVING  
*memory*

# Helene Katherine Curran

December 26, 1925 - January 17, 2022

Helen was born December 26, 1925 to Adolf and Katherine Schulze. Her mother died when she was three years old and was soon blessed with a wonderful stepmother Marie. She and her siblings were raised on a farm at Southfork, SK. She moved to Medicine Hat to take high school, once graduated she then moved to Moose Jaw to become a teacher. Her first teaching jobs were in Harptree, SK and then Coronach.

When she was in Coronach, she met George Curran, fell in love and married on July 18th, 1947. She fell for the Sailor and he for the teacher, and here she stayed and made her life for 75 years! George and Helene had two children, George Arthur and Mary.

Helene's life was a life of service and love to her husband, children, grandchildren and great-grandchildren and to her community. A large part of Helene's life was her faith; she never wavered in her belief of her heavenly Father. She was a lifelong member of St John's Lutheran Church and the Faith Lutheran Church. She taught Sunday school and VBS for many years.

Helene was a life member of the Legion Auxiliary. She helped organize Remembrance Day services and the Legion Art and Essay contests. Helene hated litter on the streets of her community so she helped organize with the school to have the students have a day to pick up litter.

Helene loved nothing better than putting on card parties, family celebrations, anniversary parties and skits. Her family all have fun memories of the many celebrations. George and Helene travelled lots and Helene was the planner and map-reader - no GPS in those days.

Helene's absolute joy were her grandchildren and great grandchildren. Her happiest times spent with them. Our family was privileged to have a generous, kind and faithful Mom and Grandma. We will miss you!

Helene is predeceased by her parents, siblings, her husband George and son George Arthur. She leaves to celebrate a life of giving and loving by her daughter Mary, husband Clarence Schnell, daughter-in-law Val Curran, grandchildren Tereena (Troy), Cory (Carrie), Trevor (Brandy), George James; step-grandchildren Baron, Robin, Terry, Tyler and their families; great-grandchildren: Cody (Jenna), Christopher (Genelle), Keirstin (Keenan), Carter, Ariana, Jonah, Taylor, Shelby, Sierra, & Spencer; great-great-grandchildren: Kaysen, Lux, Ensley, Ren, Dakota, Ellie & Jordy.

A private Family Celebration of Life was held January 23, 2022 at the Drop-In-Centre, Coronach, SK. Linda Kirby presided. Interment in the Coronach Cemetery at a later date. Fond memories and expressions of sympathy may be shared at [www.rossfuneralservice.com](http://www.rossfuneralservice.com) for the Curran family. Arrangements entrusted to Ross Funeral Service, Assiniboia, SK

*Little by little we let go of the loss.....but never the love*
