HAPPY
NEW YEAR

Community Shines for Christmas in Coronach

On December 2 the weather was perfect, the stores were ready for shoppers and Christmas spirit was in the air. There was lots of sales to get Christmas shopping started, lunch at the rink and delicious supper specials at the local restaurants. Many thanks to the local shoppers and to the businesses that offered us all such great deals throughout the day.

After supper the parade, planned by Mike Martin made its way through town. Every year the parade gets better and better and this year was no exception! 23 entries passed us all by, waving, with shouts of, "Merry Christmas" and handfuls of candy thrown our way. Then car loads of families made their way to the ball diamonds to witness some fantastic fireworks courtesy of Coronach Tourism. They were absolutely spectacular and such a special thing to see on a dark winter night. Thank you Coronach Tourism for helping light up Coronach!

Afterwards families could come to the rink for skating and hot chocolate, it was a busy place! The door prize baskets generously donated by Richardson Pioneer were won by Keenan Wilson, Maeve Hovorka and Lux Wilson. The candy guessing game was won by Kayli Willford who took home 224 ju jubes!

Thank you to Minor Hockey for opening the kitchen and keeping everyone fed and hydrated for the evening.

Thank you to everyone for attending and supporting local

Congratulations! Connection Winners

Hot Air Balloon Flight with Berber Breakfast — Marrakesh, Morocco

Picture it now: Flying over the Atlas Mountains in a giant hot air balloon with snacks and strong coffee, knowing that a full traditional Berber breakfast (flatbreads, pancakes, fresh fruit, and mint tea) awaits.

Reindeer Sledding and Sami Culture Tour — Tromso, Norway
Rudolph? Blitzen? Dasher? Dancer? I don't know the name of all the Christmas reindeer, but I *do* know you can take a reindeer-drawn sled tour through the snowy Tromso countryside. Afterward, you'll head to a lavvu (tent) and sip traditional soup while learning about Sami culture.

Red Dunes, Camel Safari & BBQ — Dubai, United Arab Emirates

Roam the Lahbab desert and visit the Bedouin-inspired Al Khaimah camp where barbecue buffets, camel rides, sandboarding, dune bashing, and ATV rides await. You'll also sample delicious shisha, sweets, strong coffee, and dates, receive henna, and watch traditional Arab dance performances.

Helicopter Tour — Manhattan, New York

How would you like to see the Big Apple and avoid the smell of trash altogether? This unique activity provides unparalleled views of the One World Trade Center, Empire State Building, Rockefeller Center, Central Park, the George Washington Bridge, and more.

Street Go-Kart Group Tour — Osaka, Japan

How would you like to see Osaka from the point of view of, well, a real-life superhero? You can — just sign up for a go-kart tour, and you're guaranteed to see the city from a different perspective.

Two-Day "Reefsleep" Experience — Great Barrier Reef, Australia

This overnight tour lets you scuba dive, snorkel, and swim in the UNESCO-listed Great Barrier Reef. Most meals are included and you'll even have access to a pontoon boat equipped with an underwater viewing chamber.

Atlantis Submarine Expedition — Cozumel, Mexico

Pace the ocean floor in the Atlantis submarine, where you'll descend 100 feet to explore the coral reefs, spot marine life, and channel your inner "man from the beginning of the Titanic" who combs through the shipwreck.

FAMILY LITERACY DAY JANUARY 27

Family Literacy Day was started in 1999 to raise awareness about the importance of reading and engaging in other literacy-related activities as a family. Taking time every day to read or do a learning activity with children is crucial to a child's development, improving a child's literacy skills dramatically, and can help a parent improve their skills as well.

This year's Family Literacy Day theme is Learning in the Great Outdoors. Spending time in nature provides many benefits, not just for bodies, but for minds too. This year, get outside and exercise both your mind and body together as a family. You can make outdoor time fun family learning time all while enjoying the wonders of Canada's Great Outdoors!

Bell Let's Talk Day - January 26, 2022

Growing the global conversation and supporting Canada's mental health

In September 2010, Bell Let's Talk began a new conversation about Canada's mental health. At that time, most people were not talking about mental illness. But the numbers spoke volumes about the urgent need for action. Millions of Canadians, including leading personalities, engaged in an open discussion about mental illness, offering new ideas and hope for those who struggle, with numbers growing every year.

As a result, institutions and organizations large and small in every region received new funding for access, care and research from Bell Let's Talk and from governments and corporations that have joined the cause.

Building on ten years of increased awareness and acceptance around mental health, Bell Let's Talk is focused on engaging Canadians to take action to create positive change in mental health.

In March 2020, Bell announced the extension of the Bell Let's Talk mental health initiative for a further 5 years and an increase in Bell's total funding commitment for Canadian mental health to at least \$155 million.

SMALL ACTIONS - BIG IMPACT. On Bell Let's Talk Day, Bell donated more towards mental health initiatives in Canada by contributing 5¢ for every applicable text, call, tweet, social media video view and use of our Facebook frame or Snapchat filter.

On Bell Let's Talk Day 2021, Canadians took action sharing 159,173,435 messages of support, driving \$7,958,671.75 in new mental health funding by Bell.

ACTUAL CASH VALUE VS REPLACEMENT COST

Actual Cash Value (ACV)- is Replacement Cost LESS Depreciation at the time of the loss. ACV takes into account the age, condition, resale value, obsolescence and normal life expectancy of the property at the time of loss.

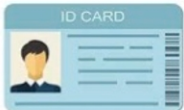

Replacement Cost- Cost to repair or replace property with material of similar kind and quality with today's prices WITHOUT deduction for depreciation.

Unless Replacement Cost is specified on your policy, all property will be determined at Actual Cash Value. It is up to you, the insured, to monitor the value of your property listed on your policy. Review your policy every year to ensure you have adequate value for your property listed on your insurance policy.

Replacement Cost is also restricted to a specified time frame;

- Automobiles- Replacement Cost is for the first 5 years you own the new automobile. You can add this to your Auto Policy up to 120 days from date of purchase.
- Farm Equipment- Replacement cost is for the first 5 years you own the new equipment
- Dwelling- Replacement Cost must be specified on your policy. The dwelling has to be built in 1960 or later, if not certain requirements must be met. You must also complete an RCT (home evaluator) every 5 years in order to keep Replacement Cost on your policy for your dwelling
- Belongings- as long as Replacement Cost is specified on your policy
- Outbuildings- Replacement Cost must be specified on your policy and added at the time the building is built.

Your 2022 Horoscopes

Aries - Career Path: You're cooking with gas! Inspiring connections with others will benefit you as important people cross your path and new friendships are forged. Business ties and working alliances will confirm that your contributions are making a difference. People in places of influence will notice your progress.

Home and Family: Time spent with children will energize you and ignite your own childlike nature to play. New sports and hobbies, and new avenues of interest will keep you engaged. This is a fortuitous time to welcome new members to the family through marriage or birth. As your family circle expands, so will your heart.

Earthly Delights: Relationships that aren't working will change in one way or another. Old systems and patterns are melting away as you raise the bar for what you want. Trust and authenticity are two big themes this year. Travel to entertaining destinations with a special someone will keep your interest piqued.

Taurus - Career Path: This year you are more interested in the work itself than getting credit for a job well done. (Others will notice you.) Expect recognition for your hard work and take the credit when the time comes. Remember that others will benefit you this year. You are reaping the seeds that you previously planted.

Home and Family: You will find it easier to express yourself emotionally this year. Because lovers and marriage partners will be more sympathetic, reconnecting with them will happen naturally and fluidly. New relationships that begin this year will be mentally stimulating and adventurous.

Earthly Delights: Opportunities to travel with a good friend or colleague are likely. One-to-one encounters with others will be empowering and enlightening. New relationships that begin now might be with someone who shares your family values and work ethic. This means yours will be a powerfully bonding year.

Gemini - Career Path: You are approaching a time of harvest as Saturn, the taskmaster, climbs through your ninth house. This means 2023 will be based on the building momentum that you demonstrate this year. You can see now with more clarity where you want to take things and what goal is within your reach. People in positions of influence will help you.

Home and Family: Reach out to those you admire and ask for their advice because people in high places, as well as family and like-minded souls, are more amenable to you now. Run your ideas up the flagpole; you might be surprised by the support you receive. Be gracious and say "thank you."

Earthly Delights: Your charismatic nature is magnetic this year. Opportunities to travel with a friend or partner might present themselves. Keep a bag packed for any spontaneous outing that comes your way. You're willing to share your vulnerable nature with someone, which makes this a rich year for heartfelt communications.

Finally, the universe is becoming supportive to you in material terms. In addition, events will help you get in touch with your deep values. You will know what you need and how to get it. Key alliances and partnerships will also help you achieve your goals. If you choose your alliances wisely, they won't let you down.

Linda Rae Ausum

December 2, 1955 - November 23, 2021

Linda Rae Ausum of Olds, Alberta passed away Tuesday, November 23, 2021, after recently being diagnosed with advanced cancer.

Linda was raised on the family farm outside of Weyburn, Saskatchewan. She often spoke of her fond memories of growing up on the farm.

Linda was a devoted teacher who loved teaching children. Linda had a special interest and ability to teach children with special needs and often adapted her teaching approach to be more compatible to the child whom she was teaching. She was always looking for effective ways to teach that would be more catered to the child's needs.

Linda taught for 30 years in Southern Saskatchewan, most of those years teaching children at Coronach School.

Linda was predeceased by her parents, Harvey & Lydia Johnson and her parent in-laws, Raymond & Esther Ausum. She was also predeceased by her sister in-law and husband, Lori & Richard McDonald.

Linda is survived by her loving husband of 47 years, Allan.

Linda is also survived by her sons Tim (Lisa) Ausum, and Brandon Ausum; grandchildren, Brianna, Padraic, Justice, Brett and Logan.

Linda is also survived by her three older brothers, Gaylen (Bev) Johnson, Graham (Sheila) Johnson and Barry (Gerri) Johnson. She is survived by her sister-in-law and husband, Audrey (Ed) Ewanchuck; and her nieces, nephews, relatives and friends.

We would like to extend our gratitude for the loving care provided by the Olds Healthcare Centre nurses doctors and staff.

Those wishing to express their sympathy may donate to the Liver Society of Canada or Canadian Cancer Society.
