money for the hall and the pool. Also we love giving money
away to a community member every week. Thank you to
everyone, every week that continually supports us! Here's to
raising more money, giving away more money and building

Canada is the second largest country in the world, right after Russia.

Canada is the World's Most Educated Country: over half its residents have college degrees

Canada's lowest recorded temperature was -81.4 degrees Fahrenheit (-63 C) in 1947.

Canada has more lakes than the rest of the world's lakes combined.

Canada consumes more macaroni and cheese than any other nation in the world.

With 1,896 km (1,178 mi), the Yonge Street in Canada, is the longest street in the world

Canada has the largest coastline in the world.

Canada has fewer people than Tokyo's metropolitan area.

Canada is just 1.5% larger in land than the U.S.A.

Montreal is the world's second largest French speaking city after Paris

20 Things you can only find in Canada

3. Beavertails - A classic Canadian carnival treat. Deep fried dough and all the warm chocolatey goodness you can dream of.
4. Coffee Crisp - Crispy vanilla wafer and foamy coffee-flavoured chocolate.
5. Caesars - A Bloody Mary is NOT a Caesar. First of all, Clamato and tomato juice are totally different
6. Real Maple Syrup
7. Kinder Surprise with a toy inside - Yes, you can get a Kinder Surprise egg in the US but you will be extremely disappointed when you bust open the tiny chocolate shell and there is no toy.
8. Smarties - To Americans, what we called Rockets, are referred to as Smarties.
9. Roots Clothing - The most Canadian of all clothing companies.
11. Bits and Bites - Who knew that a cereal and pretzel snack mix could be so exclusive?
12. Fudgee-o's - Chocolate fudge cookies with chocolate icing inside.
13. Purdy's Chocolate - A whole chocolate company exclusive to Canada - yum!
14. Naniamo bars - BC's favorite hand-held dessert consisting of wafer, chocolate and custard. Made famous in the city of, you guessed it: Naniamo, BC on Vancouver Island.
15. Bay Blanket - Since The Bay is a historically Canadian company you won't see any stores outside of Canada selling the infamous Bay striped blanket.
16. Ruffles All Dressed chips
17. Molson Canadian - You can buy Molson beer outside of Canada but they call it "Molson Export"
18. Red River Cereal - Probably the oldest cereal in history. Created in Manitoba in 1924 and still enjoyed to this day.
19. Chapman's Ice Cream - Canada's largest independent ice cream manufacturer. They have over 289 products and they are all exclusive to Canada.

Saskatchewan

The population of Saskatchewan is approx 1,214,618 people. Most people live in the southern half of Saskatchewan, of which 258,000 live in the largest city, Saskatoon. Saskatchewan is the 7th largest province in terms of area and the 6th largest in terms of population with a population density of about 2 people per square kilometer or 5 people per square mile.

Saskatchewan Specifics

Flag: Saskatchewan's official flag was adopted in 1969. It features the provincial shield of arms along with the floral emblem, the western red lily. The flag's upper half is green, representing Saskatchewan's northern forests; the lower half is gold, symbolizing the southern grain areas.

Flower: In 1941, the western red lily was chosen as the official flower of Saskatchewan. This lily grows in moist meadows and semi-wooded areas. With its flaming red blossoms, it stands out brilliantly against a natural green background. The western red lily is a protected species.

Bird: The sharp-tailed grouse is one of Saskatchewan's most popular game birds. It was selected as the provincial bird emblem in 1945.

Grass: In 2001, needle-and-thread grass was designated Saskatchewan's official grass. It's a native bunchgrass common to the dry, sandy soils of the Northern Plains. Seed stalks may reach 1.3 m (4 feet) in height and leaves are up to 30 cm (12 inches) long and very narrow. The name comes from the shape of the seeds, which are sharply pointed and have long, twisted, thread-like fibres.

Saskatchewan District Tartan: The Saskatchewan Provincial District Tartan has seven colours: gold, brown, green, red, yellow, white and black. It was registered with the Court of Lord Lyon King of Arms in Scotland in 1961.

Saskatchewan Dress Tartan: The Saskatchewan Dress Tartan was introduced in 1997 for competitive highland dancers on the occasion of the Canadian Interprovincial Highland Dancing Championships held that year in Regina. It is a variant of the Saskatchewan District Tartan, with the off-white line of the original tartan becoming the background colour of the dress version.

Tree: In 1988, the white birch was adopted as the official tree of Saskatchewan. This hardwood tree is found across the northern three-quarters of the province. Typical uses for the wood include lumber, plywood, veneer and fuel.

Mineral: Sylvite, also known as potash, is Saskatchewan's official mineral. We are the world's largest producer and exporter of potash. Our vast reserves of potash are expected to last for hundreds of years at current rates of production. Over 95 percent of the potash produced in Saskatchewan is used for fertilizer purposes.

Animal: Saskatchewan designated the white-tailed deer our official animal in 2001. Here in our more northern latitudes, the white-tailed deer tends to be larger than its southern brethren, reaching heights of more than a metre (3.5 feet) at the shoulder and weighing as much as 180 kg (400 lbs). Adults have a reddish-brown summer coat and a greyish-brown winter coat, with white underparts. The name comes from the white underside of the tail, which is raised like a flag when the deer is running or frightened.

Sport: Curling was named Saskatchewan's official sport in 2001, although many have considered it so for years. Once called the "roaring game" because of the thunderous noise made by corn brooms used to sweep rocks down the ice, curling has a rich history in the province. The fabled Richardson brothers, curling out of Regina, won four Canadian and World men's championships between 1959-63. Another extraordinary rink from Regina, the Sandra Schmirler team, won three Canadian and World women's championships in the '90s, followed by the first ever women's Olympic gold medal in curling at 1998.

Emblem: Multis E Gentibus Vires, "From Many Peoples Strength" - The provincial Coat of Arms was granted through Royal Warrant from Queen Elizabeth II in 1986. It is an augmentation of the original shield of arms adopted by Royal Warrant of King Edward VII in 1906. A crest of a beaver and crown is placed above the shield. On either side of the shield are supporters: a lion and a deer. The shield itself displays the royal lion and three gold wheat sheaves, symbolizing Saskatchewan agriculture. The base is formed of western red lilies, Saskatchewan's floral emblem.

Regina, Sask. is home to the only training academy for Royal Canadian Mounted Police (RCMP) recruits.

Sask. is Canada's only province with man-made boundaries, as opposed to natural boundaries like rivers.

Estevan, Sask averages 2,530 hours of sunshine every year.

More than 9 million people visit Saskatchewan every year.

Sask. has more road surface than any other province.

HAY AND DITCH MOWING

The Municipality follows the Ministry of Highways rules and guidelines for haying and ditch mowing.

Key dates for hay salvage:

July 8: Prior to and including this date, a landowner or lessee nearest to a highway ditch has the first opportunity to cut or bale hay.

After July 8: Cut and bale hay on a first come, first serve basis. The nearest landowner's permission is not required after this date. Cutting and baling hay should not be initiated if the mowing contractor is mowing near the area.

August 8: All hay bales must be removed from ditches, or they may be removed and disposed of at the ministry's discretion.

After August 8: Bales must be removed immediately following haying operations.

The Town of Coronach water and sewer (Phase 1) project began June 22, 2023.

Phase 1 of the project includes the following:

- Water valves.
- Replacement of the 1964 water and sewer lines on Centre Steet, South Avenue and portions of other streets.
- Drainage improvements for storm water runoff.
- New water line connection from the Water Treatment Plant to the distribution system.

Thank you for your patience and understanding during the valve replacement portion of the project. This portion of the project has now been completed.

A Precautionary Drinking Water Advisory is in place until further notice.

The remainder of the project (water and sewer line replacement and drainage) will take place in phases. Water disruptions will occur in specific areas and residents can gain access to water through an outdoor tap. Please contact the Town Office to notify us that you require an outdoor tap installed and we will provide you with a PO# to give to your plumber. The invoice with the PO# can be sent to the Town Office for payment.

Notice will be provided to residents and property owners through the Voyent Alert App. If you do not have this app or a smart phone to receive alerts, please visit the office to be set up for phone calls to your home phone.

In order to improve our community and see the benefits of the new infrastructure, the work needs to be completed. The Town of Coronach thanks you in advance for your continued patience and understanding of the inconvenience during this time.

For more information or to sign up for alerts please contact the Town Office.

The Town of Coronach is pleased to welcome Renea Paridaen as the new Chief Administrative Officer. Renea begins her employment with the Town of Coronach on July 3, 2023. Renea is moving to Coronach from Churchbridge and brings an array of experience and education with her.

A belated welcome to Daniel Sheppard, Public Works staff with the Town of Coronach. Daniel began working at the Town of Coronach on May 31, 2023. Daniel moved to Coronach from Springdale, Newfoundland where he previously worked as a town employee.

Our Deepest Thanks!

To Stacey, Sheri, Eliza & Savannah Anderson for donating a speaker for the pool to use. We appreciate your generosity!

In golden fields, the farmer toils,
Hands weathered, soil-rich in their folds.
From dawn till dusk, a labor of love,
Tending the earth, beneath skies above.
With gentle touch and skilled embrace,
Seeds planted with hope, in their rightful place.
With nurturing care, each crop shall grow,
Bathed in sunlight, kissed by rain's gentle flow.
Through seasons' dance, the farmer persists,
Against the odds, their spirit resists.
From bountiful harvests to trials faced,
They find strength in the land, firmly embraced.
A steward of nature, a guardian true,
The farmer's heart beats with the land they pursue.
For in their toil, a deep-rooted bond,
A symbiotic relationship, profound and beyond.
So let us honor the farmer's might,
Their tireless efforts, day and night.
For they sow the seeds that sustain us all,
A testament to their enduring call.

Need help with lawn mowers, garden tiller or any other small engine repairs? I can help. Also do blade sharpening.

Wheatland Dental announces the retirement of Dr Wes Thompson

I have recently made the very difficult decision to retire from active dental practice at Wheatland Dental Center, and wish to offer my most sincere gratitude to the many folks I have had the honour, privilege and pleasure of associating with since 1987.

It has been said that life basically boils down to relationships. My patients have consistently shown trust, appreciation and value in my services and advice for for which I am forever indebted. My urban colleagues have always been envious of this relationship. Will I miss being summoned by the hockey arena PA announcer to the players dressing room to assess a dental injury? Will I miss receiving a call from the Hospital to meet a patient at the office to provide pain relief? Will I miss tending to a snowmobile injury on a Sunday morning? You better believe I will.

I have enjoyed going to work with our incredible Wheatland team past and present, each and every day. Who else would laugh at my old, tired jokes, listen to my boring anecdotes, and tolerate my off-tune whistling? We have left our morning meetings with a smile on our faces time and time again. The practice is in great hands with these compassionate, positive professionals providing consistent leadership. You guys are simply the best!

Thank you to Dentalook for allowing me to practice at Wheatland since 2017.

Assiniboia and district are a wonderful community. Gayleen and I have never regretted our decision to move here and raise our four children in the heart of the south. You are progressive and we wish you all the best in the future. A big piece of this community will always be in our hearts.

It is my sincere wish that I have enhanced your lives in some small way through my professional services for the last 36 years. You have certainly provided me with the utmost satisfaction. This is not the end of the story for anyone but the beginning of a new chapter for everyone.

Sincerely,
Dr. Wes Thompson

THANK YOU

To the Community and residents of Coronach for joining us on June 15th to celebrate our 4th Anniversary Fundraiser Barbeque.

We were very happy with the attendance of the Community at our event. We were able to sell over 150 burgers and raise \$1,500 which will be given to the Town Hall Board to assist them in the replacement of contents that were damaged in the fire.

Steve and Jassica from Cat Country Radio in Assiniboia were on site for the duration of our celebration with live radio spots.

Thank you to the Hall Committee for supplying the cooks, Southland Co-op Coronach for lending us their Barbeque, SGI and Wawanesa for donating raffle items and to Cat Country for being here live.

Stop in to pick up some raffle tickets. The proceeds of the raffle will go to the Coronach Recreation Board.

Tickets cost \$2.00 each

1st Prize Basket of SGI Items

2nd Prize Basket of Wawanesa Items

3rd Prize a Personalized License Plate

If we can sell out the Raffle our efforts will raise **over \$4,500.00** for the Community

Coronach New Horizons - Drop In

June has been busy at the Drop In for rentals. It is good to see it busy. Most are happy occasions but sometimes we have to say goodbye to a family member or friend.

To those we give our condolences. We had a group of students from Balgonie, Sask. here last week. They stayed over night at the Drop In and took in the tour before heading home.

This is the second year this school has toured our area and stayed with us both years. Wonderful to see the schools taking an interest in our area. They tell us they will be back next year.

We look forward to having them.

We have hired a young fellow to cut our lawns this year. At this time I would like to thank Mel and Pat Harkness for doing our lawns the past few years. You are very much appreciated.

We held our annual membership wind up BBQ on June 19 at the Drop In. 16 members enjoyed burgers, hotdogs, salads and desserts. And it didn't even rain this time!!!

As we have for the last few years we are taking July and August off. Next meeting will be in September.

Anyone wishing to rent the Drop In please contact Betty Kessler @267-3257.

Everyone have a great and safe summer!

Coronach Community Hall Report

The Coronach Community Hall Board would like to thank Cal and Debra Martin, owners of Coronach Agencies, for including us in their anniversary celebration. The proceeds from the BBQ are being donated to the hall to help purchase items lost in the fire and the proceeds from the raffle are being donated to the Rec Board for the new pool. Thank you for being so generous and supportive of the community.

The hall has received the triple sink for the kitchen and we are slowly replacing the remaining equipment as funds become available. We have already purchased a fridge, two stand up coolers, and the round tables. Cathy Marshall has donated an electric stove and the Southland Co-op has donated four new electric roasters. We thank you for your generous donations.

We still need to purchase chairs, cookware, utensils, serving bowls, table cloths, decorations, podium, stage curtains, stage lighting and audio visual equipment. It is a long road ahead, but we will get there. The proceeds from the Chase The Ace are going towards the audio visual equipment at the hall and the new pool at the Sportsplex. Both the Hall Board and the Rec Board thank everyone for their past, present and future support of our joint fundraising project.

What Not Shoppe

The What Not Shoppe will be open July 1. We are looking for workers for July & August, please stop in and sign up for a shift.

Remember all money raised at the What Not Shoppe stays in the community and goes to our community groups. Your volunteering helps support our community!

Friday, July 14

&

Friday, August 11

Everyone Welcome!! After 9:00 kids must be 10 and older to remain in the pool. Anyone 9 and under must have a parent/guardian IN the pool with them to stay. This is non-negotiable - no kids 8 1/2 yrs old can stay without an adult, no kids younger than 9 can stay if the parent is sitting on pool deck but not in the water. This is a fun event for everyone but also adds extra stress on guards. Rules have to be made and limits set in this situation to keep everyone safe. In the past people had to be 12 and older to even attend this event. In efforts to include more kids, the age limit has been lowered and these new rules have been put in place.

Dive Clinic

Put on by Dive Sask

Come out and learn how to properly dive, jump, flip and do somersaults!

The class will be taught by a NCCP certified diving coach from the Regina Diving Club. We are so excited Paige will be coming back again to teach everyone new skills for the pool!
