This template is here to help guide you in creating a business plan. Feel free to follow it step by step or add your own style and creativity—just be sure to include details that answer the topics provided. You're welcome to include pictures or other documents that you think will make your plan stand out.

Remember to have fun, use your imagination, and know that your idea doesn't have to be something you're actually doing or planning to do in real life. Let your creativity shine!

If you have questions, please get in touch with Kelsey Manske (306-291-7086); she will help guide you through the process.
